As the only China-based commercial explosives manufacturer with a listing status overseas, Fabchem China Limited (“Fabchem”) has been established in Shandong, China since 1979, and listed on the Mainboard of Singapore Exchange Securities Trading Limited in April 2006.

As one of China’s leading manufacturers of initiation systems and the largest boosters and detonating cords producer within a highly regulated industry, Fabchem’s products are widely used in the mining, energy exploration, hydroelectric and infrastructure construction sectors. Our products include explosive devices (boosters), industrial fuse and initiating explosive devices (detonating cords and non-electric tubes), and industrial detonators (non-electric detonators and piston non-electric detonators).

Fabchem’s subsidiary, Shandong Yinguang Technology Co., Ltd, is the pioneer and market leader in the production of boosters in China. Our boosters are tested and certified by Universal Tech Corporation R&D Laboratory, an authorised inspection institute for initiating explosive devices based in United States of America.

Fabchem’s initiation system products of international-standard quality are sold to more than 150 customers in the mining, energy exploration, hydroelectric and infrastructure construction industries across more than 10 countries, including China, Australia, Indonesia, Mongolia, India, Kazakhstan and Kyrgyzstan. Fabchem’s products are sold under the brand name “Yinguang” in China, and also marketed internationally to other major resource-rich countries. As an established commercial explosives producer, the Group also undertakes original equipment manufacturing for renowned global commercial explosives companies.

KEY PRODUCTS

EXPLOSIVE DEVICES

Explosive devices, such as boosters. Boosters are used to enhance the power of the explosions in mining and oil and gas exploration activities.

INDUSTRIAL FUSE AND INITIATING EXPLOSIVE DEVICES

Industrial fuse and initiating explosive devices, such as detonating cords and non-electric tubes. These devices are used to initiate the detonation process.

INDUSTRIAL DETONATORS

Industrial detonators, such as non-electric detonators and piston non-electric detonators. These devices are mainly used to initiate explosions, either through boosters or applied directly on the explosives.

“
Despite the uncertainties, we will continue to strive for continuous product development and innovative methods to enhance our manufacturing capabilities, enhance the safety DNA of our Group and improve internal operational efficiency to stay resilient in order to navigate through such unprecedented times.
”

Bao Hongwei
Managing Director

DEAR SHAREHOLDERS,

We hope that everyone is staying safe and well during the 2019 Novel Coronavirus (“COVID-19”) pandemic.

The COVID-19 pandemic has brought about unprecedented disruption to the global economy. The evolving situation continues to throw up new uncertainties for businesses across the globe, with efforts to contain the outbreak affecting business operations and supply chains worldwide.

In the first three months of 2020, China’s economy shrank by 6.8% due to the huge impact caused by COVID-19, marking the first GDP contraction in decades. While China’s GDP rebounded with a growth of 3.2% in the second quarter of this year, consumer spending was weaker than expected.

Earlier this year, China made a rare decision not to set a GDP target for 2020 due to uncertainties from the impact of the pandemic. In June 2020, the International Monetary Fund highlighted that global output in 2020 may shrink by 4.9%, as compared with a 3.0% contraction predicted in April 2020.

Over the past 12 months ended 31 March 2020 (“FY2020”), Fabchem China Limited’s (“Fabchem” or “the Group”) macro business environment continues to be challenging as temporary shortages in explosive raw materials led to a reduction in production and regulatory measures have affected our customers’ mining operations and procurement policies.

In addition, the COVID-19 outbreak has led to additional regulatory measures and restrictions that have affected our manufacturing capacity, further inhibiting our capability to produce and sell our products.

Despite the uncertainties, we will continue to strive for continuous product development and innovative methods to enhance our manufacturing capabilities, enhance the safety DNA of our Group and improve internal operational efficiency to stay resilient in order to navigate through such unprecedented times.

REVIEW OF OUR FINANCIAL PERFORMANCE

As highlighted earlier, the Group experienced various challenges in our macro business environment during FY2020 and as a result, the Group's revenue declined 25.6% to approximately RMB 114.9 million with lower sales registered across our three core product segments namely, (a) explosive devices such as boosters; (b) industrial fuse and initiating explosive devices such as detonating cords and non-electric tubes; and (c) industrial detonators such as non-electric detonators and piston non-electric detonators.

Sales of explosive devices have been the Group's major revenue contributor and during FY2020, sales from this product segment dipped 27.0% to approximately RMB 51.7 million as the temporary shortage of explosives raw materials affected our production schedule and production capacity, which led to lower sales.

Separately, some of the Group's customers mining operations continue to be affected by additional safety measures implemented by the local authorities since the second quarter of FY2018 and it has led to sales of industrial fuse and initiating explosive devices decreasing 36.5% to approximately RMB 18.8 million during FY2020.

The Group's sales of industrial detonators decreased by 17.3% to approximately RMB 44.4 million or as some of our customers have begun to switch to the use of digital electronic detonators as directed by the Chinese industry regulators.

Geographically, China remains the Group's key market, contributing 68.9% of overall sales in FY2020. Overseas sales declined 43.6% to approximately RMB 35.8 million in FY2020 as the sales of boosters to Australia were affected by the reduction of production capability as a result of the temporary shortage of explosive raw materials and additional regulatory measures and restrictions, due to the COVID-19 outbreak, that have affected our manufacturing capacity.

With the impairment allowance made on the property, plant and equipment in FY2019, depreciation expenses that were charged to costs of sales decreased significantly during FY2020, resulting in the improvement of the Group's gross profit margin from 18.5% in FY2019 to 28.8% in FY2020.

In line with lower sales activities, the Group's distribution costs decreased by 23.6% to approximately RMB 15.9 million in FY2020.

The Group's administrative expenses increased marginally by 8.8% to approximately RMB 35.0 million in FY2020 mainly due to an increase in research and development expenses as more research and development activities of our products were undertaken in FY2020.

Overall, the Group recorded a lower loss before tax of approximately RMB 20.9 million that included an impairment loss on property, plant and equipment of RMB 1.6 million in FY2020 as compared the loss before tax of approximately RMB 147.2 million in FY2019 (which factored in the impairment loss on property, plant and equipment of approximately RMB 119.0 million).

ANALYSIS OF OUR BALANCE SHEET

As at 31 March 2020, the Group's total assets stood at approximately RMB 311.5 million with cash and cash equivalent position stood at approximately RMB 76.5 million.

The Group's trade and other receivables, another major component of current assets, stood at approximately RMB 24.3 million as at the end of March 2020.

As at 31 March 2020, the Group had total liabilities of approximately RMB 156.6 million, of which the major components are trade and other payables of approximately RMB 84.1 million and other financial liabilities of RMB 58.0 million.

And as at 31 March 2020, shareholders' equity stood at RMB 154.9 million and net asset value per share stood at RMB 3.31 per share.

CASH FLOW HIGHLIGHTS

During FY2020, the Group recorded net cash from operating activities of approximately RMB 0.5 million, net cash used in investing activities of approximately RMB 2.9 million and net cash used in financing activities of approximately RMB 4.3 million.

As a result, the Group's overall net cash outflow amounted to approximately RMB 6.7 million in FY2020.

The Group will continue to proactively evaluate and adopt new measures to improve our liquidity position and utilise our working capital more efficiently.

THANKS & APPRECIATION

On behalf of the Board of Directors, I would like to thank our employees for their dedication and contributions to continue adhering to high safety standards and catering to the stringent quality requirements of our customers.

I would also like to express my gratitude to my fellow Directors for the valuable advice and guidance during such unprecedented times.

Finally, I would like to take this opportunity to express my sincere gratitude to our shareholders, customers and business partners for their continuous supports and trust as we continue to build resiliency in our business and enhance the value propositions to our stakeholders.

Thank You!

致股东的信

致敬爱的股东们：

我们希望大家在新型冠状病毒肺炎疫情笼罩下能保持健康安好。

新型冠状病毒肺炎疫情对全球经济带来前所未有的冲击。变幻莫测的形势使得公司前景未明，存着许多不确定性。各行各业在全国的商业运作和供应链也为了克制疫情而受到牵连。

2020年的首三个月，中国的经济大受新型冠状病毒肺炎疫情的影响，萎缩了6.8%，是几十年来第一次国内总产值出现缩减。虽然中国的国内总产值在本年第二季度回升了3.2%的增长，消费能力仍不尽理想。

今年的前些时候，由于未能预计疫情将会对市场造成多严重的影响，中国做了罕见的决定，在2020年将不设定国内总产值目标。在2020年6月，国际货币基金组织预测2020年的全球出产将萎缩4.9%，相比于2020年4月3.0%的缩减。

于过往12个月，截至2020年3月31日（2020财政年），中国杰化有限公司（“中国杰化”或“本集团”）的宏观经济环境仍然充满挑战。炸药原料的短暂短缺导致产量下滑，而导爆索监管的措施也影响了我们客户的采矿活动。

此外，新型冠状病毒肺炎疫情爆发导致政府加紧采矿业监管措施和限制，进一步抑制了我们生产和销售产品的能力。

即使面对经济不稳定的因素，我们会不遗余力进行产品开发，寻求创新方法以提升生产能力，增强集团的安全基因，改善内部运营效率。通过以上种种努力，我们务必能咬紧牙关度过这艰难的时期。

财务业绩回顾

上述所提，集团的宏观经济环境在2020财政年充斥许多挑战。因此，集团的收入下跌25.6%至人民币1.149亿万元，三大核心业务分部（a）中继起爆具；（b）工业导爆索和导爆管；及（c）工业导爆管雷管的营业额都下降了。

中继起爆具产品分部一直是集团收益的主要来源。在2020财政年，中继起爆具产品分部收入为约人民币5170万元，下跌27.0%。炸药原料短暂短缺影响了我们的生产进度及生产能力，导致销量下滑。

另外，集团一部分客户的采矿业务继续被本地有关当局自2018财政年第二季度实施的额外安全措施影响，导致2020财政年工业导爆索和导爆管的销量下跌了36.5%，至约人民币1880万元。

我们的一些客户已依照中国监管机构的建议转向使用数码电子雷管，因此集团的工业导爆管产品的销量下跌17.3%至约人民币4440万元。

从区域上的分析，中国仍是集团的主要市场，占2020财政年总销量的68.9%。海外市场的销量在2020财政年下跌了43.6%至约人民币3580万元，原因是炸药原材料短暂短缺以及为了克制新型冠状病毒肺炎疫情爆发因而实施的额外监控措施和限制，造成生产能力下降，以至澳洲客户的中继起爆具销量下跌。

厂房及机器设备在2019财政年的减值，相对使得主营业务成本的折旧费用在2020财年大幅度减少，因此提高了集团的毛利润率，由2019财政年的18.5%涨至2020财政年的28.8%。

集团的销售成本也随着较低的销售活动，在2020财政年下跌23.6%，至约人民币1590万元。

集团的管理费用于2020财政年稍微上升8.8%至约人民币3500万元，原因是研发活动的增加，提高了研发费用。

总的来说，集团在2020财政年录得较低的税前亏损，约人民币2090万元，当中包括值人民币160万元的厂房及机器设备的减值准备，相较于2019财政年所录得约人民币1.472亿元的税前亏损（当中包括值人民币约1.190亿元的厂房及机器设备减值准备）。

资产负债表分析

截至2020年3月31日，集团的资产总值约达人民币3.115亿元，现金及现金等值物状况约达人民币7650万元。

作为流动资产的另一个重要部分，本集团的应收及其他应收款于2020年3月底约达人民币2430万元。

于2020年3月31日，本集团的负债总额约为人民币1.566亿万元，其中主要成分为应付及其他应付款约人民币8409万元和其他金融负债约人民币5800万元。

于2020年3月31日，股东权益约达人民币1.549亿元，而每股净资产约人民币3.11元。

现金流量摘要

于2020财政年，本集团的经营活动现金净额约人民币46万元，投资活动所用现金净额约人民币289万元，而融资活动所用现金净额约人民币430万元。

因此，本集团于2020财政年产生整体现金流出净额约人民币710万元。

本集团会继续积极研究新措施，以改善流动资金情况，并更有效地运用我们的营运资金。

鸣谢

我谨代表董事会衷心感谢员工为秉持高度安全标准以及满足客户严格的质量要求不懈努力的付出。

我也在此由衷感谢董事同仁在这个艰苦的时期所提供的宝贵建议和指导。

最后，我想借此机会感谢股东、客户和商业伙伴一直以来给与集团的支持和信任。凭籍着我们继续建立业务弹性的坚持以及增强价值定位的专注，为股东创造长远利益。

谢谢！

BAO HONGWEI
Managing Director

Bao Hongwei is our Managing Director and was appointed on 1 January 2018. He was our Executive Director and General Manager since 16 June 2005. He is responsible for the overall and day-to-day management and operations of our Group. He joined Feixian Chemical Factory in 1989 as a section manager and was subsequently promoted to deputy factory manager in 1991. In 1997, he was a non-executive director of Yinguang Chemical Group and also a managing director and general manager of Feixian Yinguang Drawnwork Co., Ltd. He is currently a nonexecutive director of Yinguang Chemical Group and some of its subsidiaries as well as Yinguang Chemical. He obtained a certificate in economics management from the Jinan Workers University in 1994 and a Masters in Business Administration from the Tsinghua University in 2000. He also obtained a Bachelor Degree in Economics Management from the Provincial Party Committee School of Shandong in 2002

and a Master Degree in Administrative Management from Beijing Normal University in 2004.

WEE PHUI GAM
Acting Chairman and Lead Independent Director

Wee Phui Gam is our Independent Director and was appointed on 15 October 2009. Mr Wee is also appointed as our Acting Chairman on 2 September 2018. Mr Wee is a practising Chartered Accountant of Singapore. He has been the sole proprietor of P G Wee & Partners since 1984. P G Wee & Partners was converted to P G Wee Partnership LLP ("P G Wee"), an Accredited Training Organisation, in January 2013. He is also the managing partner of Y.C. Lee & Co ("Y.C. Lee"), a position he has held since 1990. P G Wee and Y.C. Lee are public accounting firms in Singapore. Mr Wee is also an independent director of Imperium Crown Limited, a company listed on the Catalist of The Singapore Exchange Securities Trading Limited. Mr Wee started his career in 1978 as an audit assistant with Foo, Kon & Tan, a public accounting firm in Singapore. Shortly after, he joined Peat Marwick Mitchell & Co, an international accounting firm as an audit assistant, becoming a Manager when he

left some 6 years later, in 1984. Mr. Wee holds a Bachelor of Accountancy degree from the University of Singapore, a Fellow Member of the Institute of Chartered Accountants of Singapore and is an Accredited Tax Advisor (Income Tax & GST).

SUN BOWEN
Non-Executive and Non-Independent Director

Sun Bowen is our Non-Executive and Non-Independent Director and was appointed on 1 December 2018. He was our Executive Director and Senior Advisor since 1 January 2018. He was our Managing Director since 16 June 2005. He provides firm relationships with government authorities and other stakeholders, as well as assisting the Managing Director to evaluate and formulate business strategies for our Group. He has been with the Group since 1980 when Feixian Chemical Factory was first established in 1979. He was a factory manager in Feixian Chemical Factory and thereafter became a majority shareholder of Shandong Yinguang Chemical Group Co., Ltd ("Yinguang Chemical Group"). He was also the director and general manager of Yinguang Chemical Group from December 1997 to May 2004. Sun Bowen has more than 20 years of experience in the explosives industry. He started as a mechanic in 1966, and thereafter became a technician and factory manager

in the period from 1976 to 1993. In March 1993, he became a director of Shandong Yinguang Chemical Industry Co., Ltd ("Yinguang Chemical") till 2004. Mr Sun graduated from Qingdao University of Science and Technology with a degree in Chemical Engineering. He is currently a non-executive director of Yinguang Chemical Group and some of its subsidiaries as well as Yinguang Chemical and he is the managing director of our subsidiary, Shandong Yinguang Technology Co., Ltd. He is also an executive director of Imperium Crown Limited, a company listed on the Catalist of The Singapore Exchange Securities Trading Limited.

PROFESSOR JIANG RONGGUANG
Independent Director

Professor Jiang Rongguang is our Independent Director and was appointed on 11 October 2010. Professor Jiang is an industry veteran with over 30 years of experience in China's commercial explosives industry. He is currently a member of the Editorial Board of the Commercial Explosives magazine (爆破器材杂志编辑部编委会委员). He was a Professor with Nanjing University of Science and Technology (南京理工大学) and also the chief technical specialist with National Quality Supervision and Inspection Center for Industrial Explosive Materials (国家民用爆破器材质量监督检验中心首席技术专家) ("NQSIC"), where he previously had served as permanent deputy chairman. Authorised by the Chinese government quality assurance and certification agencies, NQSIC provides independent assessments and certifications of commercial explosives products manufactured in China. Professor Jiang was also a member in the Experts Committee of

Commercial Explosives Industry of China (国家民爆器材行业专家委员会委员) and a member in the Safety Experts Committee of Ministry of Industry and Information Technology of the People's Republic of China (中华人民共和国工业和信息化部民爆器材行业安全专家委员会委员) ("MIIT"). Among others, MIIT is tasked with the supervision and governing of commercial explosives' production and manufacturing activities in China. Professor Jiang graduated from Nanjing University of Science and Technology (南京理工大学) in 1978, majoring in the design and development of explosive devices.

KEY MANAGEMENT

SUN QIANG

Sales And Marketing Manager

Sun Qiang is our Sales and Marketing Manager. He has been responsible for the sales and marketing of our Group since 2003. He is currently a non-executive director of Shandong Yinsheng Investments Co., Ltd (“Yinsheng Investments”). Prior to joining our Group, he was a civil servant in Economic and Trade Committee of Fei County from 1991 to 1993 and thereafter became a section manager and was later promoted to department head in the Ministry of Labour and Social Security of Fei County from 1993 to 2003. He was also a deputy general manager of Yinguang Chemical from 2003 to 2004. Sun Qiang holds a degree in Economics and Management from the Cadre Correspondence University of Shandong and a diploma in Business Management from the Jinan University of Shandong.

KWEK WEI LEE

Finance Manager (Group Accounts)

Kwek Wei Lee is our Finance Manager (Group Accounts). He is responsible for the financial, accounting, budgeting and taxation matters of our Group. Prior to joining our Group in April 2005, he was an Audit Senior with Ernst & Young, Singapore, an international audit firm, from January 2003 to March 2005, where he was involved in the audit of public listed companies and multinational companies. From December 2000 to December 2002, he was a Senior Audit Assistant with BDO LLP (formerly known as BDO International), Singapore, an international audit firm. Mr Kwek obtained a Diploma with Merit in Accountancy in June 1998. He is a Chartered Accountant of Singapore and fellow member of the Association of Chartered Certified Accountants in UK.

CHEN HONGYU

Finance Manager (China Operations)

Chen Hongyu is our Finance Manager (China Operations). He is responsible for accounting and financial matters for our China operations. He has worked in our Group since 1994. From 1994 to 2004, he was the financial manager and deputy general manager of Yinguang Chemical. From 1989 to 1994, he was a section manager of the finance department in Shandong Feixian Art Co. He holds a degree in Economics and Management from the Provincial Party Committee School of Shandong.

YANG XINGDONG

Administrative Manager

As Administrative Manager, Yang Xingdong is responsible for the administrative function of our Group. After graduating from the University of Shandong, he joined our Group as a deputy section manager in 1995, he then became a factory manager in 1998. He was promoted to become an assistant general manager and deputy general manager from 1999 to 2004. He is currently a nonexecutive director of Yinguang Chemical. He obtained a degree in chemical engineering from the University of Shandong in 1995. He was certified as an “Assistant Technical Engineer” in 1996 and “Technical Engineer” in 2001 by the Personnel Bureau of Fei County and Personnel Bureau of Linyi City respectively.

LETTER TO SHAREHOLDERS

Sustainability and Corporate Social Responsibility

We are pleased to present our sustainability report. At Fabchem, sustainability is highly regarded by the Board of Directors and top management. We stay committed to creating an organisational culture whereby sustainable business practices are valued and sustainable criteria are used when selecting our business partners. We believe that we can play our part in contributing to environmental preservation by minimising the impact of our operations on the environment. We endeavour to utilise our core competencies to contribute to the society and generate long term value for our stakeholders.

In FY2020, a newly discovered coronavirus emerged and resulted in the formidable COVID-19 outbreak which evolved into a global pandemic. It has impacted the manufacturing industry greatly and affected the process of projects. During these unsettling times, we stay committed to prioritising the safety of our employees and workers. We have implemented strict safety protocols in compliance with local regulations and educated all staff and workers on the necessary measures to ensure that they are well-prepared in keeping themselves safe.

ABOUT THIS REPORT

Fabchem China Limited (hereafter referred to as “Fabchem” or the “Group”) presents the Group’s Sustainability Report (the “Report”) which covers our Group’s performance from 1 April 2019 to 31 March 2020 (the “reporting period”).

The Report summarises Fabchem’s key sustainability issues, our management approach as well as our related performance across the Group’s operations. The Group has chosen the Global Reporting Initiative (“GRI”) Standards as it is the most established international sustainability reporting standard. This Report is prepared in accordance with the GRI standards “Core” option. The Report incorporates the primary components of report content set out by the SGX’s “Comply or Explain” requirements on sustainability reporting under Listing Rule 711B.

Fabchem’s material topics are identified based on their impacts on our internal and external stakeholders, as outlined in the Stakeholders Engagement section. Detailed section reference with GRI Standards is found on the GRI Index Page. The Sustainability Team has assessed that external assurance is not required as the Group wishes to focus on strengthening the sustainability reporting framework for this year.

Fabchem’s material topics are identified based on their impacts on our internal and external stakeholders, as outlined in the Stakeholders Engagement section. Detailed section reference with GRI Standards is found on the GRI Index Page. The Sustainability Team has assessed that external assurance is not required as the Group wishes to focus on strengthening the sustainability reporting framework for this year.

SUSTAINABILITY REPORT

FABCHEM SUSTAINABILITY STORY

Sustainability Targets

Fabchem has set targets to improve the sustainability of our business operations in the future. We endeavour to demonstrate continuous improvement on our environmental management and protection efforts to reduce our environmental impact, as well as to benefit the community and our employees.

Below is a summary table of the Group's sustainability targets and performance during the reporting period.

ENVIRONMENTAL PERFORMANCE IN FY2019	
FY2019 Target	Performance Update
Maintain and uphold energy saving initiatives	Reduced energy consumption by 20.7%
Zero incident of environmental non-compliance	Achieved zero incident of environmental non-compliance
ENVIRONMENTAL TARGETS IN FY2020	
FY2020 Target	Action Plan
Reduce energy consumption and GHG emissions	
Zero incident of environmental non-compliance	
SOCIAL PERFORMANCE IN FY2019	
FY2019 Target	Performance Update
Safe working environment for employees	Achieved zero occupational health and safety incident
Zero product health and safety incident	Achieved zero product health and safety incident
Training and development of staff	Achieved 60.6 training hours per employee
SOCIAL TARGETS IN FY2020	
FY2020 Target	Action Plan
Zero occupational health and safety incident	
Zero COVID-19 transmissions among staff and workers	
Zero product health and safety incident	
Training and development of staff	

NOTEWORTHY AWARDS

In recognition of our sustainability efforts, Fabchem received the Advanced Enterprise for Work Safety award in FY2020.

FABCHEM'S COMMITMENT TO SUSTAINABILITY

Governance and Statement of the Board

At Fabchem, sustainability is highly valued by the Board of Directors and top management. We established a Sustainability Team which comprises heads of departments from Operation, Human Resource, Health and Safety, Finance and Corporate.

The Board incorporates sustainability issues into the strategic formulation of the Group. The Board with the assistance of the STF determines the material environmental, social and economic factors, and ensures that the factors identified are well-managed and monitored.

KEY STAKEHOLDERS ENGAGEMENT

We engage all of our stakeholders through a variety of channels to update them about Fabchem's developments and gather their feedback. We identify stakeholders as groups that have an impact, or have the potential to be impacted by our business, as well as external organisations that have expertise in topics that we consider material. The feedback we receive from our stakeholders helps us to determine our material topics and identify our focus areas as the following:

Stakeholders	Issues of Concern	Means of Engagement	Section Reference
Employees 	<ul style="list-style-type: none"> • Transmission of COVID-19 among employees and workers • Remuneration and benefits • Training and development • Ethics and conduct • Diversity 	<ul style="list-style-type: none"> • Regular safety briefings and meetings to discuss safety measures against COVID-19 • Performance appraisal • Ongoing communication • Training needs identification • Sustainability reporting 	<ul style="list-style-type: none"> • COVID-19 Measures • Ethics and Integrity • Our People
Customers 	<ul style="list-style-type: none"> • Corporate social responsibility • Environmental compliance • Social compliance 	<ul style="list-style-type: none"> • Annual reports • Sustainability reporting 	<ul style="list-style-type: none"> • Our People • Environmental Topics • Supplier Management

SUSTAINABILITY REPORT

MATERIAL TOPICS AND BOUNDARIES

The Group has applied the GRI Principles for Defining Report Content to identify material topics that are relevant to the business and to its stakeholders. We have conducted a materiality assessment

session based on the guidelines of GRI Standards. The following table summarises topics which were determined to be the most significant to the Group:

MATERIAL TOPICS	BOUNDARIES (WHERE THE IMPACTS OCCUR)
ECONOMIC	
GRI 205: Anti-corruption	The Group
ENVIRONMENTAL	
GRI 301: Materials	The Group
GRI 302: Energy	
GRI 303: Water	
GRI 305: Emissions	
GRI 306: Effluents and Waste	
GRI 307: Environmental Compliance	
GRI 308: Supplier Environmental Assessment	
SOCIAL	
GRI 401: Employment	The Group
GRI 403: Occupational Health and Safety	
GRI 404: Training and Education	
GRI 405: Diversity and Equal Opportunity	
GRI 413: Local Communities	
GRI 416: Customer Health and Safety	
GRI 417: Marketing and Labelling	

ETHICS AND INTEGRITY

GRI 205-1, 205-2, 205-3

The Group is strongly committed to a high legal and moral standard in all of our business activities. We have adopted a Code of Conduct as a testimony to our commitment to adhere to the highest standards of professionalism, integrity and ethics. All employees are required to read, understand and agree to comply with the purposes and provisions of the Code of Conduct. Employees are held liable for their failure to comply which may result in disciplinary actions. The severity of these disciplinary actions depends on circumstances and the gravity of the misconduct.

The Group takes a strong stance against corruption and malpractice and does not tolerate any impropriety, statutory non-compliance or wrongdoing by employees in the course of their work. The Code of Conduct strictly prohibits any acts by employees to use their position to obtain advantages for themselves. To achieve the a high standard of personal integrity and accountability, the Group developed a Whistle Blower Policy and Reporting Procedure to provide a framework to promote responsible and confidential whistleblowing without fear of adverse consequences.

The Board oversees the processes for evaluating the adequacy of internal controls and risk management including the review and approval of interested party and interested person transactions in accordance with the SGX Listing Manual. The Group has set out procedures governing all interested person transactions to ensure that they are carried out on an arm's length basis, on normal commercial terms and will not be prejudicial to the interests of the Group and its shareholders.

There was no incident of corruption and no public legal cases brought against the Group or our employees. We will continue to be vigilant in ensuring our employees conduct themselves with the highest level of integrity.

PRODUCT SAFETY

Product Health and Safety

GRI 413-2, 416-1, 416-2

Fabchem manufactures explosive products including boosters, detonating cords, non-electric tubes and non-electric detonators. The potential impact of our production process on the local community includes loss of hearing due to noise pollution and raw materials which may be toxic when in contact with humans.

Due to the nature of our products, product usage will cause and explosion which may generate shock waves that temporarily affect the natural habitat. Improper usage of our products may result in the destruction of the natural habitat. As such, we strictly adhere to the Safety management regulations for the production and sale of civil explosives to minimise risk of product health and safety. 100% of Fabchem's products have undergone health and safety assessment before delivery. There was no incident of non-compliance concerning the health and safety impacts of our products and services in FY2020.

Product Marketing and Labelling

GRI 417-2

The Group strictly complies with relevant marketing and labelling regulations. All product packaging of the Group have product manuals, and 100% of the products are marked with detailed instructions and performance specifications. There was no incident of non-compliance concerning product information and labelling in FY2020.

Supplier Management

GRI 414-1

Fabchem performs detailed background checks on suppliers, including the assessment of their product inspection reports and quality certifications to ensure the safety and quality of their products. As a commitment to quality assurance, we select suppliers who are ISO 9000 certified for their quality management system.

ENVIRONMENT

Energy Consumption and Greenhouse Gas Emissions

GRI 302-1, 302-3, 302-4, 305-2, 305-4, 305-5

The Group uses substantial energy in production plants to support our business activities. The energy is derived from electricity purchased for consumption. The Group endeavours to efficiently manage energy consumption and greenhouse gas emissions to reduce our carbon footprint.

ENERGY CONSUMPTION AND GHG EMISSIONS

The Group has adopted many energy conservation and low-carbon measures, such as adjusting the operating time of its street lights in accordance to the sunrise and sunset time of each season, changing part of its infrared monitoring systems to infrared systems, sending residual heat from the air compressor room to the operation room for auxiliary heating, changing bathroom's hot water supply from boiler-generated to solar heating, and reforming the heat pipeline to shorten the distance of the main heating pipeline.

As for the newly renovated plant, the Group has changed all of the original metal halide lamps to LED lights, thus lowering the usage from 70W per lamp to 50W per lamp. Without decreasing the number of installations, an estimated 30% of electricity can be saved. We also replaced the original 10-tonne coal-fired burner with a 6-tonne gas boiler, thereby greatly reducing pollutant emissions.

The Group also fully utilises the off-peak electricity pricing policy, as well as the water storage capacity of the newly built high pool, thus saving an estimated RMB 100,000 on electrical bills every year. In FY2020, the Group purchased an air compressor to increase our energy efficiency. The air compressor automatically switches to power-saving mode during idle time, thereby reducing our energy wastage and carbon footprint.

As a result of our energy conservation initiatives, our energy consumption reduced by 20.7% in FY2020. Fabchem will continue to improve its energy-saving measures and practices to further reduce our energy consumption and GHG emissions in FY2021.

Material and Packaging

GRI 301-2, 301-3

To minimise its impact on the environment, the Group has adopted practices to recycle its scraps and packing materials and reusing them as far as possible. The discarded explosive devices, detonators and chemical-containing solids are reused in the manufacturing processes. Plastic strips produced as by-products of the manufacturing detonating cords are collected and sold. The packaging materials are also reused in the factory as many times as possible before being disposed.

Water Usage, Recycle and Effluents Management

GRI 303-1, 303-2, 303-3, 306-1

Underground water is drawn and used for operations. License from the local government had been obtained for withdrawing water directly from wells. The amount of water withdrawn is calculated by the metre and is charged accordingly. The total amount of water withdrawn by the Group is limited to 150,000 cubic metres annually. The Group has constructed two wells, with one being used for daily operations and the other one for backup. Both wells are equipped with deep water pumps. The main well operates continuously to supply water for production processes whereas the backup well supplies water to be stored in water tanks. The wells are not constructed adjacent to or within preserved areas.

Separate Rainwater and Effluents

- An integrated system is used to collect, separate, treat and recycle rainwater and wastewater from production activities.
- Rainwater is collected from the factory's rain pipe network and is directly stored in the rainwater system.
- Softened wastewater and treated drainage water from the boiler are also directed back to the rainwater system.
-

Reuse Treated Effluents

- Effluents from circulating cooling systems, workshop floor cleaning, water bath dedusting system and equipment cleaning are collected and treated through precipitation and active carbon absorption.
- The treated water is used for green belt sprinkling in the factory premise during irrigation periods or is stored in the factory's pond.
- The Group saves an estimated 486 cubic metres and 1000 cubic metres of water every year from the detonation cord and booster factories respectively
- Recycle Cooling Water

- Cooling water is reused after being stored in the pond and pumped back, effectively saving water resources.
- Through this practice, an estimated 17,500 cubic metres and 15,000 cubic metres of water is saved from the laminating workshop and detonator workshop respectively.

With effective water management practices, Fabchem's water consumption reduced from 51,746 m³ in FY2019 to 24,053 m³ in FY2020, reducing water consumption by 53.5%. A multi-pronged approach has been adopted to reuse and recycle different types of water in the production cycles and other operations within the factory premises. There was no incident of spills by the Group during FY2020.

Waste Management

GRI 306-2, 306-3

The Group recognises that the way we generate, treat and dispose of waste has a significant impact on the environment and community-at-large. Although industrial waste is inevitably generated as part of the manufacturing process, its impacts can be ameliorated through responsible treatment and disposal methods in accordance with industry standards.

For instance, disposed packaging and explosive materials are sent to destruction sites for incineration. In addition, used activated carbon, sedimentation tank sludge and waste ion exchange resin are collected and sent for incineration. We have engaged a local environmental sanitation agency to treat our domestic wastes.

Environmental Compliance

GRI 307-1

Due to the nature of our operations and products, the Group is acutely aware of the importance of environmental protection to mitigate any environmental risks that may arise from the use of our products. We strictly implement the environmental supervision system of "Three Simultaneities" during construction period and regularly monitor environmental performance to ensure environmental performance.

We also strictly comply with all relevant environmental laws and regulations to ensure environmental compliance. We engage survey agencies to conduct environmental assessment before projects start. Regular monitoring of environment management system and audit is carried out to ensure compliance with regulations at national, provincial, municipal levels. Production suspension is strictly implemented during severely polluted weather following local authority's instructions.

We strictly adhere to Safety management regulations for the production and sale of civil explosives to minimise risk of negative environmental impacts that can arise from our products. The Group passed the annual GB/T24001-2016/ISO14001:2015 standard audit with no incident of environmental non-compliance in FY2020.

Supplier Management

GRI 308-1, 308-2

Fabchem has an internal screening process whereby all key suppliers are screened for negative environmental impacts resulting from their business operations. In FY2020, 100% of Fabchem's explosives suppliers are licensed.

HEALTH AND SAFETY

Safety against COVID-19

GRI 403-1, 403-2, 403-4, 403-6, 403-8

During these unsettling times, we stay committed to prioritising the safety of our employees and workers. Fabchem has developed COVID-19 safety and preventive measures for employees to abide by at the workplace. Before returning to work, Fabchem conducted a thorough investigation on all employees to ensure that they were neither infected nor in close contact of an infected person. Fabchem registered all employees who have returned to work and implemented daily temperature monitoring of employees. In addition, employees are provided with face masks and pre-packed lunch to minimise the spread of COVID-19 at the workplace.

Workplace Health and Safety

GRI 403-1, 403-2, 403-4, 403-5

Fabchem has a dedicated workplace health and safety committee headed by the Executive Directors and consists of professional engineers, safety experts and department heads. All incidents of injuries are taken seriously by the committee and their relevant departments. Follow-up actions are taken to prevent recurrence, safety hazards are immediately removed and all employees were educated on precautionary measures.

Due to the nature of the business, workers may be exposed to dust, noise or hazardous chemicals in the various production lines. To achieve project success while ensuring employees' health and safety, a series of preventive measures are put in place to minimise the negative impact on employees. For instance, we upgraded from the original metal halide lamps to explosion proof lights to better protect our workers from safety hazards.

Other than the preventive measures taken, detective measures are also deployed to regularly assess and monitor the effectiveness of current practices. Professional agencies are employed to carry out testing on hazardous elements in workshops. Employees who are exposed to higher risk of occupational hazard are arranged for regular health check-ups and each of them has an occupational health profile.

The Group has formalised the workplace health and safety practices in the Employee Rights Protection Policy as a guide for Human Resource, Safety and Environment departments and Trade Union Committee.

SUSTAINABILITY REPORT

OUR PEOPLE

The Group recognises that our people are the greatest assets which are key to the long-term viability of our business. We embrace gender diversity and our workforce comprises of employees from both genders and different age groups.

Diversity in Our Workforce

GRI 405-1, 405-2, 406-1

As at 31 March 2020, the Group has a total 675 employees, and the gender ratio of male to female is 44:56. The Group has a workforce of diverse cultural backgrounds, contributing to a dynamic and inclusive working environment.

Benefits and Employee Retention

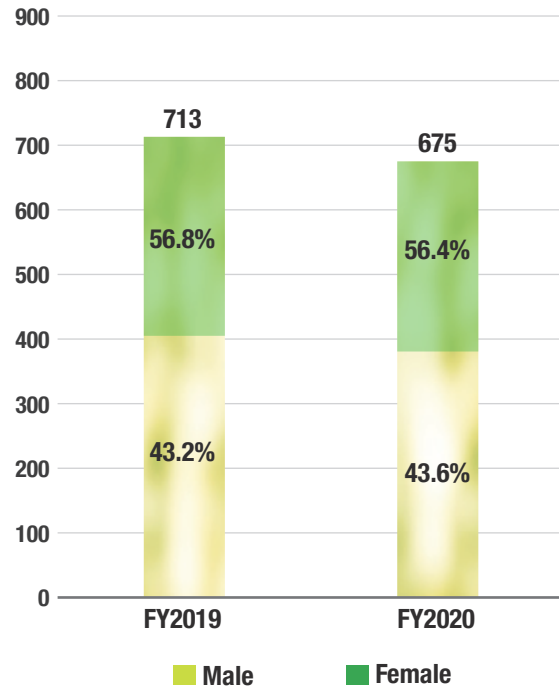

GRI 401-1, 401-2

We recognise the contribution by our employees and believe that employees' welfare has a direct impact on our business and is of utmost importance to us. On top of competitive salary and performance-based bonus, we also provide various types of allowances and benefits that cater to the needs of our employees. We fully comply with China's labour laws and regulations and provide all the required insurance and leaves.

Employee new hire rate was 0.07%, while turnover rate was 6.3% in FY2019. Fabchem aims to lower the turnover rate with continued employee retention efforts.

The Group offers employees an environment of equity and inclusiveness. We do not discriminate our employees based on any aspects, including gender, age, ethics or origin. Female employees consistently constitute more than 50% of the entire workforce. The group has fair and competitive remuneration policy that determines remuneration based on position, experience and qualification regardless of gender.

Workforce by Gender

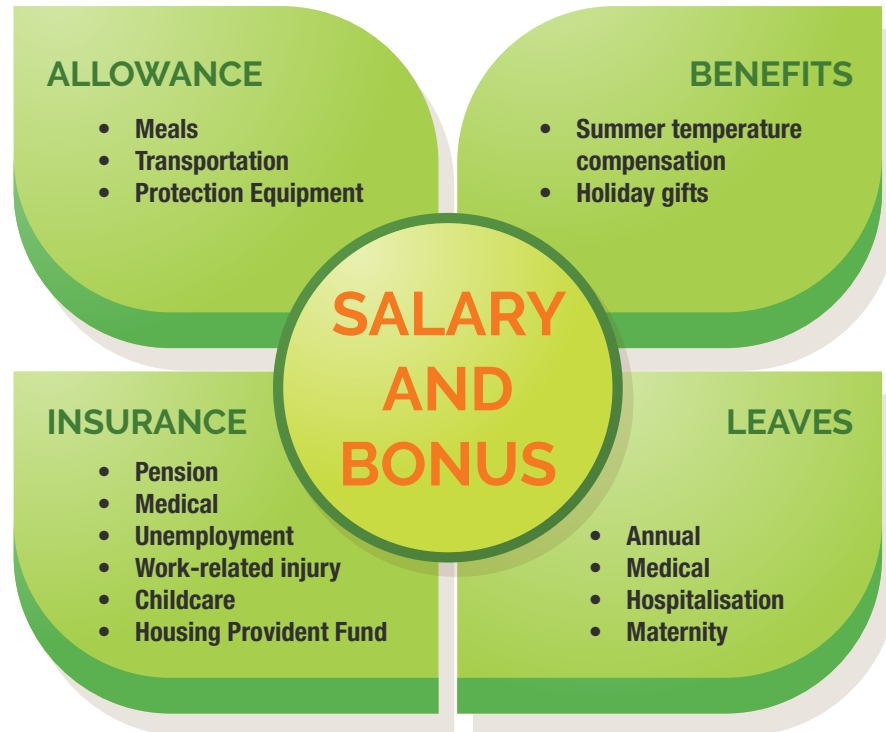

Workforce by Age

Employee Development

GRI 404-1, 404-2, 404-3

We recognise the contribution by our employees and believe that employees' welfare has a direct impact on our business and is of utmost importance to us. On top of competitive salary and performance-based bonus, we also provide various types of allowances and benefits that cater to the needs of our employees. We fully comply with China's labour laws and regulations and provide all required insurance and leaves. In FY2020, 33 employees took maternity leave.

In FY2020, the new hire rate was 0% and turnover rate was 3.6%. Fabchem aims to lower the turnover rate with continued employee retention efforts. During the COVID-19 pandemic, Fabchem implemented a wage payment scheme that was in compliance with the COVID-19 Wages Payment Guide and we ensured that all employees are paid promptly without lay-offs.

Employee Development

GRI 404-1, 404-2, 404-3

As the Group is dedicated to helping its employees grow in the long term, employees from all departments were given the specialised training opportunities that cater to their career paths. When employees return to work from long-term leaves or transfer department, appropriate trainings are also provided to ensure

that they are equipped with relevant skills and knowledge for their respective job scopes. To encourage effective learning, all employees are assessed after undergoing training. In December every year, all employees are invited to submit their training requirements which are evaluated and consolidated in an annual training schedule. The training plan is also aligned with department goals and shaped by the Group's strategic direction. In FY2020, we achieved a total of 40,956 training hours and 60.6 hours of training per employee.

Employee's performance appraisal is conducted annually for the personal development and career progression of our employees. In FY2020, 8.6% of our employees were appraised and evaluated.

COMMUNITY ENGAGEMENT

Community Service

GRI 413-1

The Group emphasises on responsible business conduct and demonstrates this by making positive contributions to our community. In FY2020, Fabchem initiated a fundraising event for the local charity foundation. During the Covid-19 pandemic, Fabchem took part in the fundraising event where employees of the Company donated to help fight against covid-19.

SAFETY MEASURES

The safety of our operations is of paramount importance to us. We have manuals to guide our staff on the important safety procedures which should be adhered to in the production process. We have also established a safety department comprising twelve staff who are tasked mainly with ensuring compliance at each level of operation with our internal safety measures. The department conducts routine monthly checks on the safety of our production procedures and constantly reviews our safety measures to ensure that they are adequate for our purposes. In addition, we have implemented international best practice systems to encourage employees' participation in identifying risk hazards and increasing the level of awareness of those risk hazards. Our internal auditors will also conduct checks on whether all of the Group's safety measures and procedures are complied with, and such checks will be reported to the Audit Committee and disclosed in our Company's annual report every year.

The safety aspects of our operations and products are vital to our business. The nature of the explosives industry is such that the raw materials and products are easily subject to explosions during the production process, transportation and storage. Production could be suspended for investigation by the relevant authorities in the event of any accidental explosions at our production or storage facilities, during the transportation of raw materials or during the usage of our products by the end-users. If investigation showed that the accident is due to a failure to comply with proper safety measures and procedures, corrective actions must be taken. The authorities can revoke our licenses to manufacture explosive products if no improvement is made subsequent to the suspension period. In view of the above reasons and in order to provide the safest possible environment for our staff, we adopt stringent safety measures at our production facilities as well as during the transportation and storage of our products and raw materials to keep the risks of explosion to a minimum, such as, inter alia, the following measures:-

- a) We implement safety measures at our production facilities. The importance of adhering strictly to the safety measures is stressed upon all our staff on a regular basis and extensive training sessions are organized regularly to educate and train our staff in our safety measures. All our new staff are rigorously trained and briefed on our safety measures before they commence work at our production facilities. Posters on our safety measures are put up throughout our production facilities as reminders to our staff on the importance of safety during their course of work.

In addition, we also have safety compliance officers whose main responsibilities are to formulate safety measures for our operations and to ensure that these measures are strictly adhered to by our staff. All our production processes are strictly monitored by our safety compliance officers who conduct random checks at different stages of our production process to ensure that the safety measures have been complied with. Any staff who is found to have breached any of the safety procedures will be disciplined in order to deter other staff from breaching the safety procedures.

For safety reasons, machines such as close circuit TVs are used to monitor the production processes of explosives which are more prone to explosions such as detonating cords. The control rooms that monitor these production processes are housed in buildings that are built to withstand explosions. Where possible, the fixtures at locations close to our production activities are made of non-metallic materials to reduce the chances of sparks caused by static charges. We have also installed numerous lightning rods throughout the compound of our production facilities to prevent explosions caused by lightning. In addition, we have dedicated fire brigade teams made up of the Company's employees at our production facilities ready to put out any fire caused by explosions.

- b) In addition, to the above safety measures, we also comply with the safety regulations promulgated by the Ministry of Industry and Information Technology, Department of Work Safety ("MIIT"), such as the Safety Standard for Design of Engineering of Civil Explosive Materials and the Regulations of Safety Management for the Manufacturing and Marketing Enterprise of Civil Explosives Materials. Safety regulations such as the maximum amount of explosives and number of staff permitted in a factory producing explosives are strictly adhered to in our production facilities and notices containing such information are put up at the entrance of every factory.

In addition, to prevent "chain explosions", the distance between our factories in our production facilities are in accordance with the guidelines recommended by the MIIT. Our factories are also built in such a way that in the event of any explosion, the impact of the explosion will be directed at a fortified safety wall, which will minimize the impact of the explosion on the surrounding areas. The premises of our production facilities also have safety bunkers for our staff to take shelter during potential explosions.

SAFETY AND SECURITY COMPLIANCE

- c) The production supervisor at each stage of our production process is responsible for the strict compliance with the relevant safety measures. Our transport manager is responsible for the strict compliance of safety measures during the transportation of raw materials and our products to and from our production facilities. They are our first-line of safety compliance officers. In respect of the transportation of raw materials and our products to and from our production facilities, we employ special container trucks that have been issued permits by the relevant authorities to transport explosives or materials that are explosive in nature. These container trucks are distinguished from normal trucks by their yellowish orange colour and their prominent "Explosive" labels to alert members of the public to the potentially dangerous contents of the trucks. As an added safety measure, the trucks are also fitted with a fire prevention cap over their exhaust pipes and lined with wooden planks on the inside.

We have not experienced any explosion of any magnitude at our production facilities or during the transportation of the raw materials or our products since we commenced our operations. Our Directors believe that based on the safety measures currently undertaken by our Group, the possibility of any explosions occurring at our production facilities or during the transportation of raw materials or our products have been kept to the minimum.

In addition to our internal checks, the relevant authorities also conduct safety checks on our operations and provide their opinions and recommendations. After the checks, any issues were promptly rectified. Following the explosive accident that occurred at an unrelated commercial explosives manufacturing plant in Shandong, the authorities heightened safety checks. Safety checks by the authorities for the financial year are described below:-

- a) The Fei County Industry & Information Technology Bureau conducted a total of eight inspections on our factory and warehouse safety procedures.
- b) The Linyi Industry & Information Technology Bureau conducted a total of six inspections on our factory and warehouse safety procedures.
- c) The Department of Industry and Information Technology of Shandong Province conducted a total of two inspections on our factory and warehouse safety procedures.
- d) The Linyi Emergency Management Bureau conducted a total of four inspections on our factory and warehouse safety procedures.
- e) The Fei County Emergency Management Bureau conducted a total of two inspections on our factory and warehouse safety procedures.

SECURITY MEASURES

The Group has strict security measures in place to prevent loss or theft of explosives products, some of which are briefly described below:-

- a) A team of trained security guards who are each certified and/or licensed by the local Public Security Bureau guards all of our production facilities and warehouses, oversee the transportation of goods and safeguard our raw materials and finished goods. As at the financial year ended 31 March 2020, we had a security team comprising 130 guards.
- b) Entry into our production facilities and warehouses is restricted strictly to staff and authorized personnel only.
- c) Stringent approval procedures, documentation and checks with respect to the flow of raw materials and finished products are also implemented. As testament to the effective implementation of our stringent security measures, there has not been any loss or theft of explosive raw materials or products from our facilities since we commenced our operations.

Our security procedures are inspected by external parties as described below:-

- a) The local Public Security Bureau regularly inspects our factory and warehouse security procedures. The local Public Security Bureau does not issue an inspection report to our Group, and Yinguang Technology did not receive any negative feedback from the local Public Security Bureau.

A total of two inspections were made for the financial year ended 31 March 2020.

- b) The Shandong Department of Industry and Information Technology carries out an inspection on our factory and warehouse security at least twice every year. The Shandong Department of Industry and Information Technology does not issue an inspection report to our Group, and Yinguang Technology did not receive any negative feedback from the Shandong Department of Industry and Information Technology.

Our internal auditors will also conduct checks on whether all of the Group's security measures and procedures are complied with, and such checks will be reported to the Audit Committee and disclosed in our Company's annual report every year.

CORPORATE GOVERNANCE REPORT

The board of directors (the “Board” or the “Directors”) of Fabchem China Limited (the “Company”) and its subsidiaries, Shandong Yinguang Technology Co., Ltd, Shandong Jiehua Wenlv Zhiye Co., Ltd and Shandong Yinguang Safety Advisory Co., Ltd (“Subsidiaries”) (collectively the “Group”) is strongly committed to maintaining a high standard of corporate governance within the Company and the Group which is essential to the long-term sustainability of the Group’s business and performance. This Corporate Governance Report describes the Group’s corporate governance practices for the financial year ended 31 March 2020 (“FY2020”) with specific reference made to the Principles and Provisions of the Code of Corporate Governance 2018 (the “Code”) issued in August 2018, which forms part of the continuing obligations of the Singapore Exchange Securities Trading Limited (the “SGX-ST”) Listing Manual.

The Board is pleased to report that for FY2020, the Company has adhered to the Principles of the Code, and the Provisions of the Code (except where otherwise explained). In areas where the Company’s practices vary from any Provisions of the Code, the Company has stated herein the Provision of the Code from which it has varied, and appropriate explanations are provided for the variation, and how the practices the Company had adopted are consistent with the intent of the relevant Principle of the Code. The Company will continue to assess its needs and implement appropriate practices accordingly.

BOARD MATTERS

THE BOARD’S CONDUCT OF AFFAIRS

Principle 1: The company is headed by an effective Board which is collectively responsible and works with Management for the long-term success of the company.

The primary role of the Board is to protect and enhance long-term shareholders’ value. Whereas the Board is collectively responsible for the success of the Company, the Board works hand in hand with the Management of the Company (the “Management”) towards achieving this end. The Board reviews Management’s performance and Management remains accountable to the Board. Key roles of the Board include providing entrepreneurial leadership, approving the Company’s objectives, major strategic directions and corporate policies, monitoring and reviewing financial and operating performance, approving annual budgets, major funding and investment proposals, risks assessment and management and appointing any new member to the Board and key personnel. Matters which required Board’s decision includes interested person transactions, material acquisitions and disposal of assets, corporate and financial restructuring, issuances of shares, dividends and other returns to shareholders. The Board manages the Group in the best interests of shareholders as well as the interest of other stakeholders and pursues the continual enhancement of the long-term shareholder value.

All Directors exercise due diligence and independent judgment, and are obliged to act in good faith and consider at all times the best interests of the Company.

To assist the Board in the execution of its responsibilities, various Board Committees, namely the Audit Committee (“AC”), Remuneration Committee (“RC”) and Nominating Committee (“NC”) have been constituted with clearly defined terms of reference. Minutes of the Board Committees meetings are available to all Board members.

All the Board Committees are actively engaged and play an important role in ensuring good corporate governance in the Company and within the Group.

Please refer to Table 1 – Board and Board Committees.

The Board conducts regular scheduled meetings. Additional meetings may be convened as and when circumstance require. The Company’s Constitution do provide for meetings to be held via telephone and video conferencing. The Board and Board Committees may also make decisions through circulating resolutions.

Please refer to Table 2 – Attendance at Board and Board Committees meetings.

The Board's approval is required for the following matters that are likely to have a material impact on the Group's operations as well as matters other than in the ordinary course of business:

1. Major investment and funding
2. Interested Person Transactions
3. Material acquisition and disposal of assets
4. Corporate strategic direction and strategic action plans
5. Issuance of policies and key business initiatives
6. Issuance of shares
7. Declaration of interim dividends and proposal of final dividends
8. Announcement of the Group's half year and full year results and the release of the Annual Reports.

The Board has adopted a set of internal controls which sets out authorization and approval limits governing operating and capital expenditure and investments and divestments.

A formal letter will be sent to newly-appointed Directors upon their appointment explaining their duties and obligations as Director. New Directors, upon appointment, will be briefed on the business and organisation structure of the Group, key areas of the Company's operations and on their duties and obligations as Directors.

Directors of the Company will also be updated from time to time of any news or changes to companies and securities legislation, rules and regulations. The Directors also received updates on the business of the Group through regular schedule meetings and ad-hoc Board meetings.

The Company has an on-going budget for all Directors to attend appropriate courses, seminars and conferences for them to stay abreast of the relevant business developments. These include programmes organized by the Singapore Institute of Directors or other training institutions.

All Directors have unrestricted access to the Company's records and information. From time to time, they are furnished with accurate and detailed information in a timely manner concerning the Group to enable them to be fully cognisant of the decisions and actions of the Group's executive Management.

As a general rule, detailed Board papers prepared for each meeting are normally circulated in advance of each meeting. This is to give Directors sufficient time to review and consider the matters to be discussed so that discussion can be more meaningful and productive. However, sensitive matters may be tabled at the meeting itself or discussed without papers being distributed. The Board papers include sufficient background explanatory information from the Management on financial, business and corporate issues to enable the Directors to be properly briefed on issues to be considered at Board and Board Committees meetings. Such explanatory information may also be in the form of briefings to provide additional insights to the Directors or formal presentations made by senior management staff in attendance at the meetings, or by external consultants engaged on specific projects.

The Board has separate and independent access to the Company Secretary and to other senior management executives of the Group at all times in carrying out their duties.

The Management provided to the Board members with the management accounts on a quarterly basis, as well as adequate information prior to Board meetings and updates on initiatives and developments of the Group's business whenever possible, on an on-going basis.

The Board members have separate and independent access to the Company's senior management. The Board members (whether individually or as a group) have, in the furtherance of their duties, access to independent professional advice, if necessary, at the Company's expense.

CORPORATE GOVERNANCE REPORT

The Company Secretary or her nominee administers and attends all Board and Board Committees meetings of the Company and prepares minutes of meetings. She is responsible for, among other things, ensuring that Board procedures are observed and that applicable rules and regulations are complied with. The Company Secretary also assists the Chairman and the Board in implementing and strengthening corporate governance practices and processes.

The appointment and the removal of the Company Secretary are subject to the Board's approval.

The Directors, in furtherance of their duties, are entitled to take independent professional advice at the expense of the Company when necessary.

BOARD COMPOSITION AND GUIDANCE

Principle 2: The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the company.

Please refer to Table 1 – Board and Board Committees.

The NC reviews the size and composition of the Board and ensures that the Board has an appropriate balance of Independent Directors and that the size of the Board is conducive to effective discussions and decision-making. The Board currently comprises four Directors which include one Executive Director, one Non-Executive Non-Independent Director and two Independent Directors. The NC reviews the independence of each Director on an annual basis. The NC adopts the Code's definition of what constitutes an Independent Director in its review. In particular, it considers a Director as independent if he has no relationship with the Group or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the Director's independent business judgment with a view to the best interest of the Company. In addition to the annual review by the NC of the independence of the Independent Directors, each Independent Director also submits an annual declaration confirming his continued independence.

As at the date of this report, Mr Wee Phui Gam, the Lead Independent Director of the Company, and Prof. Jiang Rongguang, the Independent Director of the Company, have served on the Board for more than nine years. The NC is of the view that both Mr Wee Phui Gam and Prof. Jiang Rongguang continue to demonstrate their abilities to exercise strong independent judgment in their deliberations and act in the best interests of the Company. The length of their service on the Board have not affected their independence from Management. They continue to express their views and debate on issues in connection with the Company's matters and Management's actions. Further, having gained in-depth understanding of the business and operating environment of the Group, they provide the Company with the relevant experience and knowledge of the industry.

After taking all these factors into account and having weighed the need for Board refreshment against tenure for relative benefit, the NC has reviewed and determined that both Mr Wee Phui Gam and Prof. Jiang Rongguang continue to be independent, notwithstanding that their tenure on the Board has exceeded nine years. The NC has recommended to the Board and the Board has, with the NC's recommendation, reviewed their appointment and considers both Mr Wee Phui Gam and Prof. Jiang Rongguang to be independent. The Board is satisfied that both Mr Wee Phui Gam and Prof. Jiang Rongguang have truly demonstrated integrity, independent judgment, objectivity in the discharge of their duties, and professionalism and that there is no conflict of interest in dealings with the Company, rather than simply imposing a maximum number of years that they should serve on the Board, which can be arbitrary.

The NC has reviewed the independence of each Director for FY2020 in accordance with the Code's definition of independence and is satisfied that both Mr Wee Phui Gam and Prof. Jiang Rongguang remain as Independent Directors of the Company.

In view of the amendments to the Listing Manual of the SGX-ST, effective from 1 January 2022, which requires the re-appointment of directors who have served the Board beyond nine years from the date of their first appointment to be subjected to a two-tier shareholders voting in order to be considered independent, the Company will put in place the two-tier shareholders voting for any retiring Independent Director who has been a director for an aggregate period of more than nine years seeking re-election in the AGM to be held from 2020 onwards.

On 1 September 2018, following the demise of the Company's Non-Executive Chairman, the Company's Lead Independent Director Mr Wee Phui Gam was appointed as the Acting Chairman in the interim period. On 1 December 2018, Mr Sun Bowen, an Executive Director of the Company was re-designated to Non-Executive Non-Independent Director of the Company. As at the date of this report, the Independent Directors make up half of the Board. The Board is of the opinion that the Company currently has a diversified Board with 4 members from different background (finance and industry experts) and countries (Singapore and China). As the Acting Chairman is independent, Independent Directors make up half of the Board and are not required to make up a majority of the Board pursuant to Provision 2.2 of the Code. In accordance with Provision 2.3 of the Code, Non-Executive Directors make up a majority of the Board.

The NC is responsible for examining the size and composition of the Board and Board Committees. Taking into account the scope and nature of the Group's businesses and operations, the requirements of the business and the need to avoid undue disruptions from changes to the composition of the Board and Board Committees, the Board considers a board size of between 4 to 8 members as appropriate. The Board believes that its current board size and composition effectively serves the Group and is not so large as to be unwieldy. It provides sufficient diversity without interfering with efficient discussion and decision-making.

The NC also aims to maintain a diversity of expertise, skills and attributes among the Directors and is satisfied that the Board has the appropriate mix of expertise and experience, and collectively possesses the necessary core competencies to lead and govern the Group effectively. The NC reviews the Board's collective skills matrix regularly. Any potential conflicts of interest are taken into consideration. Each Director has been appointed on the strength of his calibre, experience and stature and is expected to bring a valuable range of experience and expertise to contribute to the development of the Group strategy and the performance of its business. Currently, the Board comprises individuals from different countries, namely China and Singapore, and with diverse qualifications and backgrounds, including accounting, finance, investments and the relevant business industry that the Group is in.

Annually, the NC will discuss and agree on the measurable objectives for achieving diversity on the Board and recommend them to the Board for adoption. The Board may, at any time, seek to improve one or more aspects of its diversity and measure progress accordingly. The Company believes that a diverse Board will contribute to the achievement of its strategic and commercial objectives, including to:

1. drive business results;
2. make corporate governance more effective;
3. enhance quality and responsible decision-making capability;
4. ensure sustainable development; and
5. enhance the reputation of the Company.

The Independent Directors communicate regularly to discuss matters such as the Group's financial performance, corporate governance initiatives, board processes, succession planning as well as leadership development.

The Non-Executive Director help to develop proposals on strategy, review the performance of the Management in meeting agreed goals and objectives and monitor the reporting of performance.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Principle 3: There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

The Board had adopted the recommendation of the Code to have separate persons who are not related to each other in any manner, appointed as Chairman and the Chief Executive Officer ("CEO"). This is to ensure an appropriate balance of power, increased accountability and greater capacity of the Board for independent decision-making.

There is a clear division of the roles and responsibilities of the Chairman and the Managing Director ("MD") (equivalent to the position of a CEO). Different individuals assume the Chairman and the MD functions and the posts are, and will remain, separate. Mr Wee Phui Gam, the Lead Independent Director is the Company's Acting Chairman and assumes responsibility among others, in leading the Board to ensure its effectiveness and promoting high standards of corporate governance. The MD, Mr Bao Hongwei assumes the executive responsibilities of the day-to-day management of the Company. This division of responsibilities has been agreed among the Board members.

CORPORATE GOVERNANCE REPORT

The Board is of the view that there are sufficient safeguards and checks to ensure that the process of decision making by the Board is independent and based on collective decisions without any individual exercising any considerable power or influence. Further, the AC, RC and NC are chaired by Independent Director.

The Board had adopted the recommendation of the Code to appoint Mr Wee Phui Gam to be the Lead Independent Director. Mr Wee Phui Gam will be available to shareholders where they have concerns for which contact through the normal channels of the MD has failed to resolve or is inappropriate. In addition, the Lead Independent Director will coordinate and lead the Independent Directors to provide a non-executive perspective and contribute to a balance of viewpoints on the Board. Where necessary, the Lead Independent Director will chair meeting with Independent Directors without Executive Directors being present so as to facilitate well-balanced viewpoints to the Board.

BOARD MEMBERSHIP

Principle 4: The Board has a formal and transparent process for the appointment and re-appointment of directors, taking into account the need for progressive renewal of the Board.

Please refer to Table 1 – Board and Board Committees – on the composition of the NC.

The NC will be responsible for (a) the selection and appointment of any new Directors and re-nomination of the Directors having regard to the Director's contribution and performance, (b) determining annually whether or not a Director is independent and (c) deciding whether or not a Director is able to and has been adequately carrying out his duties as a Director.

In recommending new Directors to the Board, the NC takes into consideration the skills, experience required and the current composition of the Board, and strives to ensure that the Board has an appropriate balance of Independent Directors as well as Directors with the right profile of expertise, skills, attributes and ability. Further, the NC takes into consideration a variety of factors such as attendance, preparedness, participation and candor in evaluating a Director's contribution and performance for the purpose of re-nomination.

The principal functions of the NC is to establish a formal and transparent process for:

- making recommendations to the Board on all board appointments (including alternate directors, if any), including re-nominations, having regard, to the Director's competencies, commitment, contribution and performance;
- reviewing the structure, size and composition (balance of skills, knowledge, experience, independence, and diversity) of the Board and the Board Committees;
- making recommendations to the Board in respect of its review of Board succession plans for Directors training and professional development programmes for the Board and the Directors, and the process and criteria for evaluation of the performance of the Board, the Board Committees and the Directors;
- determining on an annual basis, whether or not a Director is independent and providing its views to the Board for the Board's consideration;
- reviewing the performance of Directors having multiple board representations on various listed companies and other principal commitments, deciding whether or not such Director is able to and/or has been adequately carrying out his or her duties as Director;
- assessing the performance and effectiveness of the Board as a whole, and of each Board Committee separately, as well as the contribution by the Chairman of the Board and each individual Director to the Board, including the proposal of the objective performance criteria; and
- generally undertaking such other functions and duties as may be required by statute, the SGX-ST Listing Manual and/or the Code as may be amended, varied or supplemented from time to time.

We believe that Board renewal must be an ongoing process, to ensure good governance and to maintain relevance to the business and changing needs of the Company. The Company's Constitution require at least one-third of the Directors to retire and subject themselves to re-election by shareholders at every annual general meeting ("AGM"). In other words, no Director stays in office for more than three years without being re-elected by shareholders.

At the forthcoming AGM, Mr Bao Hongwei and Prof. Jiang Rongguang will be retiring by rotation pursuant to Article 107 of the Company's Constitution. Both of them, being eligible for re-election, have offered themselves for re-election. Prof. Jiang Rongguang, who is an Independent Director, has been a director for an aggregate period of more than nine years and he will be subjected to a two-tier shareholders voting at the forthcoming AGM in order to be considered independent. Prof. Jiang Rongguang will, upon re-election as a Director of the Company, remain as an Independent Director and a member of the Audit, Nominating and Remuneration Committees. Please refer to the Notice of AGM for the resolutions put forth for both Directors' proposed re-elections.

The NC has recommended to the Board to nominate these Directors for re-election. In making the recommendations, the NC considered the Directors' overall contribution and performance.

New Directors are appointed by way of a Board Resolution, after the NC has approved their nomination. In its search and selection process for new Directors, other than through formal search, the NC taps on the resources of Directors' personal contacts and recommendations of potential candidates and appraises the nominees to ensure that the candidates possess relevant experience and have the calibre to contribute to the Group and its businesses, having regard to the attributes of the existing Board and the requirements of the Group.

Although some of the Directors hold directorships in other companies, the NC is satisfied that sufficient time and attention are being given by the Directors to the affairs of the Company and each Director is able to and has been adequately carrying out his duties as a Director of the Company.

The NC and the Board are of the standpoint that setting a maximum number of listed company board representations would not be meaningful as the contributions of the Directors would depend on many other factors such as whether they are in full time employment and their other responsibilities or principal commitments. In addition, the board representations presently held by its Directors do not impede the performance of their duties to the Company.

All Directors are required to declare their board representations and other principal commitments. In view of the review process that the NC has put in place and the confirmation obtained from each individual Director that he has the individual responsibility to ensure that he can allocate sufficient time and attention to the affairs of the Company, the Board does not adopt any internal guidelines for multiple listed board representations for its Directors.

No alternate Director has been appointed to the Board.

When an existing Director chooses to retire or the need for a new Director arises, either to replace a retiring Director or to enhance the Board's strength, the NC, in consultation with the Board, determines the selection criteria and identifies candidates with the appropriate expertise and experience for the appointment as new Director. The NC then meets with the shortlisted potential candidates with the appropriate profile before nominating the most suitable candidate to the Board for appointment as Director.

The profile of all Board members is set out in the section entitled 'Board of Directors'.

Please refer to Table 3 – Date of Directors' initial appointment and last re-election and their directorships.

Except as disclosed in Table 3, there were no other directorships or chairmanships held by the Directors over the preceding three years in other listed companies.

CORPORATE GOVERNANCE REPORT

BOARD PERFORMANCE

Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual directors.

The Board, through the NC, has used its best efforts to ensure that Directors appointed to the Board, whether individually or collectively, possess the background, experience, knowledge in the business, competencies in finance and management skills critical to the Group's business. It has also ensured that each Director, with his special contributions, brings to the Board an independent and objective perspective to enable sound, balanced and well-considered decisions to be made.

The NC has adopted a formal process to assess the performance and effectiveness of the Board as a whole and contribution by each Individual Director to the effectiveness of the Board on an annual basis.

During the financial year, all Directors are requested to complete a Board Evaluation Questionnaire designed to seek their views on the various aspects of the Board's performance so as to assess the overall effectiveness of the Board. The assessment criteria include Directors' attendance records at Board and Committees meetings and the contributions of the Board members. The responses are sent to the NC for review before submitting it to the Board for discussion and for it to determine the areas for improvement and enhancement of the Board's effectiveness. Following the review, the NC and the Board are of the view that the Board and its Board Committees operate effectively and each Director is contributing to the overall effectiveness of the Board.

No external facilitator was engaged for the above assessment.

The performance criteria for the Board evaluation are based on financial and non-financial indicators such as an evaluation of the size and composition of the Board, the Board's access to information, Board's processes, strategy and planning, risk management, accountability, Board's performance in relation to discharging its principal functions, communication with senior management, standards of conduct of the Directors and the Company's share performance over a five-year period.

In terms of evaluation of individual Directors, they are assessed on their ability to contribute effectively as well as the level of their commitment to the role (including commitment of time for Board and Board Committees meetings, and any other duties).

The Chairman acts on the results of the performance evaluation, and where appropriate, proposes new members to be appointed to the Board or seeks the resignation of Directors, in consultation with the NC. Each member of the NC shall abstain from voting on any resolution and making any recommendation and/or participating in any deliberation of the NC in respect of an assessment of his performance or re-nomination as Director.

REMUNERATION MATTERS

PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

Principle 6: The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

Please refer to Table 1 – Board and Board Committees – on the composition of the RC.

According to the terms of reference of the RC, the role of the RC is to assist the Board with the following key terms:

- recommending to the Board for endorsement, a framework of remuneration for the Directors and key management personnel, and to determine specific remuneration packages for each Director and the CEO (or executive of equivalent rank);

- reviewing and considering the service contracts/agreements of the Executive Director(s), CEO and key management personnel, including incentive bonus, and ensuring that such contracts of service contain fair and reasonable termination clauses which are not overly generous;
- reviewing all long-term and short-term incentive schemes/plans for approval by the Board and shareholders, including the administration of such incentive schemes/plans (including share schemes) as may be implemented in accordance with their respective terms;
- performing an annual review of the remuneration packages of employees related to the Directors and substantial shareholders of the Company;
- considering the use of contractual provisions to allow the Company to reclaim incentive components of remuneration from Executive Directors and key management personnel in exceptional circumstances, including for example, misstatement of financial results, or misconduct resulting in financial loss to the Group; and
- generally undertaking such other functions and duties as may be required by statute, the SGX-ST Listing Manual and/or the Code as may be amended, varied or supplemented from time to time.

The RC is responsible for recommending to the Board a framework of remuneration for the Directors and key management personnel, setting up remuneration policies and determining specific remuneration packages for each Director and key management personnel based on their performance and also reviewing the remuneration thereof. The RC has access to expert professional advice on human resource matters whenever there is a need for external consultation. In its deliberations, the RC takes into consideration industry practices and norms in compensation, in addition to the Company's relative performance to the industry and the performance of the individual Directors. The recommendations of the RC will be submitted for endorsement by the entire Board. All aspects of remuneration, including but not limited to Directors' fees, salaries, allowances, bonuses, options, long-term incentive schemes and benefits in kind shall be considered by the RC.

The RC meets at least once in every financial year. Each member of the RC shall abstain from voting on any resolution and making any recommendation and/or participating in any deliberation of the RC in respect of his remuneration package.

No independent consultant is engaged to conduct a review on the remuneration packages of the Company's Directors and key management personnel for FY2020. The Company will seek external expert advice should such a need arises. The Company has no termination benefits.

LEVEL AND MIX OF REMUNERATION

Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the company, taking into account the strategic objectives of the company.

In its deliberations, the RC will take into consideration industry practices and norms in compensation in addition to the Company's relative performance to the industry and the performance of the individual Directors. No Director will be involved in deciding his own remuneration.

The level of remuneration is structured such that consideration is given to each Director's corporate and individual performance. The RC ensures that the level of remuneration is appropriate to attract, retain and motivate the Directors to run the Company successfully. The performance related elements of remuneration are designed so as to align the interests of Executive Director with those of shareholders. These elements include (1) fixed component (i.e. basic salary); (2) variable component (i.e. performance bonus); (3) benefits provided are consistent with market practices including medical benefits, car allowance, club benefits and housing subsidy. In setting the remuneration packages, the RC takes into consideration the pay and employment conditions within the industry and in comparable companies.

The Company has entered into separate service contracts with the Executive Director for an initial period of 3 years. The RC reviews the compensation commitments for early termination under the service contracts.

CORPORATE GOVERNANCE REPORT

Executive Directors do not receive directors' fees. The Non-Executive Non-Independent Director receive monthly consulting fee as the Company's Senior Advisor. The Group recognises the need to pay competitive fees to attract, motivate and retain Non-Executive Director, without being excessive to the extent that his independence is compromised, and thereby maximising shareholder value. Prior to leaving the Company, Non-Executive Directors are encouraged not to sell their shares in the Company, to align their interests with the Company's.

The Company currently does not use any contractual provisions that allows it to reclaim incentive components of remuneration from Executive Director and key management personnel in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the company. However, the Company will consider adopting such contractual provisions should the need arise in future.

The Company does not have long-term incentive scheme.

The remuneration of Non-Executive Directors is linked to their level of contribution, taking into account factors such as effort and time spent, and responsibilities of the Directors.

In setting remuneration packages, the Company takes into consideration the remuneration and employment conditions within the same industry and in comparable companies, as well as the Group's relative performance and the performance of the individuals.

DISCLOSURE ON REMUNERATION

Principle 8: The company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

Level and mix of remuneration of directors and key management personnel (who are not also directors or the CEO) for FY2020.

Please refer to Table 4 – Remuneration Table.

The Executive Director's remuneration comprise mainly his salary, allowances, bonuses and profit sharing awards conditional upon meeting certain profit before tax targets. The details of his remuneration package is given below.

The Company does not have employee share scheme.

The Independent Non-Executive Directors have remuneration packages which comprise of a Directors' fee component. The Directors' fees are based on a scale of fees divided into basic retainer fees as a Director and additional fees for serving on Board Committees and their roles in the Committee. Directors' fees for the Directors are subject to the approval of shareholders at the forthcoming AGM.

Except as disclosed in Table 4 of this report, no Director has received or become entitled to receive a benefit by reason of a contract made by the Company or a related corporation with the director or with a firm of which he is a member or with a company in which he has a substantial financial interest.

Sun Qiang is the son of the Non-Executive Non-Independent Director whose remuneration did not exceed S\$100,000 during FY2020. Apart from him, no employee of the Company and its subsidiary is an immediate family member of a Director and whose remuneration was paid more than S\$100,000 during FY2020.

Provision 8.1 of the Code recommends that the Company discloses in its annual report the policy and criteria for setting remuneration, as well as names, amounts and breakdown of remuneration of: (a) each individual Director and the CEO; and (b) at least the top five (5) key management personnel (who are not Directors or the CEO) in bands no wider than S\$250,000 and in aggregate the total remuneration paid to these key management personnel, while Provision 8.2 of the Code recommends that the Company discloses the names and remuneration of employees who are substantial shareholders, or are immediate family members of a Director, the CEO or a substantial shareholder, and whose remuneration exceeds S\$100,000 during the year, in bands no wider than S\$100,000, in its annual report, and such disclosure to state clearly the employee's relationship with the relevant Director or the CEO or substantial shareholder.

The Company has not fully adhered to the aforesaid Provisions 8.1 and 8.2 of the Code with respect to the disclosure of remuneration of the Directors (including the CEO), the key management personnel (who are not Directors or the CEO) and related employees. The Board has reviewed the disclosure of the remuneration of the Directors (including the CEO), the key management personnel (who are not Directors or the CEO) and related employees, and has decided not to disclose (i) the amount and breakdown of the remuneration of each individual Directors (including the CEO); (ii) the breakdown of the remuneration of the key management personnel (who are not Directors or the CEO); and (iii) the remuneration of related employees in bands no wider than S\$100,000.

The Board believes that such disclosure may be prejudicial to the Group's businesses given the competitive business environment that the Group operates in and the disadvantages that such disclosure may bring. The Board is of the view that the current disclosure of the remuneration presented herein in this Annual Report, which states (a) the level of remuneration (in remuneration bands of S\$250,000) as well as the mix of remuneration (in percentage terms) for each Director (including the CEO); (b) the level of remuneration (in remuneration bands of S\$250,000) for the key management personnel (who are not Directors or the CEO), as well as the total remuneration paid to the key management personnel (who are not Directors or the CEO) is sufficient to provide shareholders information on the Group's remuneration policies, as well as the level and mix of remuneration. Accordingly, the Board is of the view that the Company complies with Principle 8 of the Code.

The Board has reviewed the disclosure of the remuneration of the Directors and the key management personnel (who are not Directors or the CEO) and has decided not to fully disclose their remuneration as the Board believes that such disclosure may be prejudicial to its businesses given the competitive business environment and the disadvantages that it may bring.

ACCOUNTABILITY AND AUDIT

RISK MANAGEMENT AND INTERNAL CONTROLS

Principle 9: The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.

The Board has overall responsibility to provide a balance and understandable assessment of the Company's performance, position and prospects in respect of the Company's reports and financial statements and other price sensitive information to regulators and shareholders.

The Management provides all members of the Board with management accounts on a monthly basis.

In line with the SGX-ST Listing Manual, the Board has received assurance from the MD and Finance Managers ("FMs") that the financial records have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances.

The Board has also received assurance from the MD and FMs that they have evaluated the adequacy and effectiveness of the Group's risk management and internal control systems and assessed the internal auditors' reports on the Group's operations and external auditors' report on the financial statements and management letter of the Group, and noted that there have been no significant deficiencies in the design or operation of internal controls which could adversely affect the Group's ability to record, process, summarise or report financial information.

The Board and the Board Committees are furnished with management reports containing complete, adequate and timely information, and papers containing relevant background or explanatory information required to support the decision-making process. Management team and the Company's auditors would also provide additional information on the matters for discussion.

CORPORATE GOVERNANCE REPORT

AUDIT COMMITTEE

Principle 10: The Board has an Audit Committee which discharges its duties objectively.

The AC reviews the adequacy and effectiveness of the Company's internal financial controls, operational and compliance controls, information technology controls and risk management policies and systems established by the Management (collectively "internal controls"). The AC further confirms that the internal audit function is independent, effective, adequately resourced and has appropriate standing within the Company.

The Board is responsible for the overall internal control framework and is fully aware of the need to put in place a system of internal controls within the Group to safeguard shareholders' interests and the Group's assets, and to manage risks. The Board also acknowledges that no cost effective internal control system will preclude all errors and irregularities. A system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss.

The Board has reviewed the effectiveness and confirmed the adequacy of the Company's internal controls. Based on the internal controls established and maintained by the Group, work performed by the internal and external auditors, and reviews performed by Management, various Board Committees and the Board, the AC and the Board are of the opinion that the Group's internal controls, addressing financial, operational, compliance risks and information technology controls and risk management systems, were adequate as at 31 March 2020.

The Board is satisfied that the system of internal procedures, controls and reviews that the Group has in place provides reasonable assurance against material financial misstatements or loss, safeguarding of assets, the maintenance of proper accounting records, reliability of financial information, compliance with legislation, regulations and best practices and the identification and management of business risks. The Board, with the concurrence of the AC, is therefore of the opinion that the Group's system of internal controls is adequate to address financial, operational, compliance and information technology controls, and risk management systems of the Group in its current business environment.

The AC and the Board has received assurance from the MD and the FMs that the financial records of the Company have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances; and regarding the effectiveness of the Company's risk management and internal control systems.

The Company does not have a Risk Management Committee. However, the Management and the internal auditor regularly reviews the Company's business and operational activities in order to identify areas of significant business risks as well as appropriate measures to control and mitigate these risks. The Management reviews all significant control policies and procedures and highlights all significant matters to the Board and the AC.

In connection with risk management and setting risk tolerances, the Board determines the nature and extent of the significant risks it is willing to tolerate in achieving its strategic objectives and the conduct of its business activities. The risk appetite is translated into risk tolerances which are determined by establishing target control levels and target residual risk ratings for each identified risk. The decision can then be made to accept/tolerate the resulting residual risk level or implement treatment plans or strategies in addition to those already underway or planned to minimize the risk exposure.

Please refer to Table 1 – Board and Board Committees – on the composition of the AC.

The Board is of the view that at least two members of the AC (including the Chairman of the AC) have recent and relevant accounting or related financial management expertise or experience to discharge the AC's responsibilities.

The AC has explicit authority to investigate any matter within its terms of reference. It has full access to, and the co-operation of the Management and full discretion to invite any Executive Director or key management personnel to attend its meetings. The AC has adequate resources, including access to external consultants and auditors, to enable it to discharge its responsibilities properly. None of the AC members were previous partners or directors of the Company's existing auditing firm or auditing corporation of the Company: (a) within the previous 2 years commencing on the date of their ceasing to be a partner or director of the auditing firm or corporation, and in any case, (b) for as long as they have any financial interest in the auditing firm or auditing corporation.

The AC will provide a channel of communication between the Board, the Management, the internal auditor and external auditors on matters relating to audit. The responsibilities of the AC include:

- assisting the Board in the discharge of its responsibilities on financial and reporting matters;
- reviewing, with the internal and external auditors, the audit plans, scope of work, their evaluation of the system of internal accounting controls and results of the audits compiled by the internal and external auditors;
- reviewing the half yearly (where applicable) and annual financial statements and results announcements before submission to the Board for approval, focusing in particular, on major risk areas, significant adjustments resulting from the audit, the going concern statement, compliance with financial reporting standards as well as compliance with the SGX-ST Listing Manual and any other statutory/regulatory requirements;
- reviewing at least annually the adequacy and effectiveness of the Group's internal control and procedures addressing financial, operational, compliance and information technology risks, and discuss problems and concerns, if any, arising from the interim and final audits, and any matters which the external auditors may wish to discuss (in the absence of the Management where necessary);
- reviewing and discussing with the external auditors any suspected fraud or irregularity, or suspected infringement of any relevant laws, rules or regulations, which has or is likely to have a material impact on the Group's operating results or financial position, and the Management's response;
- making recommendations to the Board on the proposals to Shareholders on the appointment, re-appointment and removal of the external auditors, and approving the remuneration and terms of engagement of the external auditors;
- reviewing significant financial reporting issues and judgements with the FMs and the external auditors so as to ensure the integrity of the financial statements of the Group and any formal announcements relating to the Group's financial performance before their submission to the Board;
- reviewing and approving transactions falling within the scope of Chapter 9 and Chapter 10 of the SGX-ST Listing Manual (if any);
- reviewing reports prepared by the internal auditors on compliance with the guidelines and procedures for interested person transactions and any other potential conflicts of interest; and
- generally undertaking such other functions and duties as may be required by statute or the SGX-ST Listing Manual, and by such amendments made thereto from time to time.

CORPORATE GOVERNANCE REPORT

In the review of the financial statement for FY2020, the AC had discussed with the Management the accounting principles that were applied and their judgement of matters that might affect the integrity of the financial statements and also considered the appropriateness of the critical accounting estimates and judgements made in preparing the financial statements. The following significant matters impacting the financial statements were discussed with Management and the external auditor and were reviewed by the AC:

Key Audit Matters	How the AC reviewed these matters and what decisions were made
<p>Impairment assessment of property, plant and equipment and right-of-use assets</p>	<p>The AC considered the approach and methodology applied to the valuation models used in the impairment assessment of property, plant and equipment and land right-of-use assets.</p> <p>The AC reviewed the underlying key assumptions used in the value-in-use calculation which involved Management's assessment of the future cash flow forecasts, terminal growth rates and discount rates used in these calculations. The AC was satisfied with the methodology and underlying key assumptions used in the value-in-use calculation.</p> <p>The impairment assessment on property, plant and equipment was also an area of focus for the external auditor. The external auditor has included this item as a key audit matter in its audit report for the financial year ended 31 March 2020. Refer to pages 52 and 53 of this Annual Report.</p>
<p>Impairment assessment of trade receivables</p>	<p>The AC considered the Management's assumptions and estimates used to determine the collective impairment for expected credit loss and individual impairments on trade receivables and had also discussed such assumptions and assessment with the Management.</p> <p>The AC was satisfied with the Management's assumptions and estimates used on the assessment of impairment on trade receivables.</p> <p>The impairment of trade receivables was also an area of focus for the external auditor. The external auditor has included this item as a key audit matter in its audit report for the financial year ended 31 March 2020. Refer to page 53 of this Annual Report.</p>

The AC also meet up with the internal and external auditors without any executive of the Company being present at least once on an annual basis and as and when necessary during the year.

The AC has reviewed the independence of the Company's external auditors and is satisfied with the independence and objectivity of the external auditors. The aggregate amount of fees paid to the external auditors of the Group for audit services was S\$80,000. The non-audit services provided by the external auditors for FY2020 was S\$14,200 comprised tax compliance work of S\$2,200 and sustainability reporting work of S\$12,000. The AC is of the opinion that the independence and objectivity of the external auditors would not be impaired by the provision of these non-audit services. The AC has also recommended the re-appointment of the auditors to the Board.

The Company has in place whistle-blowing policies and arrangements by which the staff may, in confidence, raise concerns about possible corporate improprieties in matters of financial reporting or other matters to ensure independent investigation of such matters and for appropriate follow up action, all whistle-blowing reports are to be sent to the head of the internal audit function. The internal auditor and the Chairman of the AC will be informed immediately of all whistle-blowing reports received.

There were no reported incidents pertaining to whistle-blowing for FY2020.

As at the date of this Annual Report, the AC has met with the external auditors separately without the presence of Management to review any area of audit concern.

The AC is kept abreast by the Management and the external auditors of changes to accounting standards, SGX-ST Listing Manual and other regulations which could have an impact on the Group's business and financial statements. In FY2020, the Company's external auditors RSM Chio Lim LLP conducted a briefing session for the Board on the changes to the accounting standards, laws and regulations during the AC meetings. Continuing education is also provided to update and enhance the skills and knowledge of members in the AC. Following a self-review, AC is satisfied that it had been adequately fulfilling its duties.

The Group has appointed different auditors for its overseas subsidiaries. The Board and AC have reviewed that the appointment of different auditors for its overseas subsidiaries and were satisfied that the appointment of different auditors would not compromise the standard and effectiveness of the audit of the Group. The Company is in compliance with Rules 712, 715 and 716 of the SGX-ST Listing Manual in relation to its independent auditors.

The Company has set up an Internal Audit ("IA") function to provide internal audit services to the Company. The IA's function is to report to the AC on audit matters and oversee and institute the function of internal audits, prepare timely reports and communications to the various Committees, and administrative and operational matters to the Board. The internal auditor will also conduct checks on whether the Company's safety and security measures and procedures are complied with and will issue reports to the AC. These safety and security measures are disclosed in the section entitled "Safety and Security Compliance" of this Annual Report. The AC approves the hiring, removal, evaluation and compensation of the internal auditor. The internal auditor is a member of the Institute of Singapore Chartered Accountants and a fellow member of the Association of Chartered Certified Accountants.

To ensure the internal auditor's ability to discharge its functions satisfactorily, the internal auditor is given unfettered access to all the Company's documents, records, properties and personnel (including access to the AC).

In FY2020, the AC met with the internal auditor without the presence of Management. The AC will continue to review specific audit risk areas and ensure that the IA function as discharged by the internal auditor is adequate and effective.

SHAREHOLDER RIGHTS AND ENGAGEMENT

SHAREHOLDER RIGHTS AND CONDUCT OF GENERAL MEETINGS

Principle 11: The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company. The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

The Company is committed to engage in regular and timely communication with shareholders as part of the organisation's development to build systems and procedures that will enable the Group to compete internationally. The Company places great emphasis on investor relations and strives to maintain a high standard of transparency and to promote better investor communications. It aims to provide investors with clear, balanced and useful information, on a timely basis, about the Group's performance, financial position and prospects.

Management supported the Code's principle to encourage shareholder participation. Shareholders are encouraged to attend the AGM to ensure a high level of accountability and to stay informed of the Company's strategy and goals. Notice of the AGM is despatched to shareholders, together with explanatory notes or a circular on items of special business (if necessary), at least 14 days or 21 days, as the case may be, before the meeting. The Board welcomes questions from shareholders who have an opportunity to raise issues either informally or formally before or at the AGM.

The Company's shareholders are given the right, among other rights, to participate in the approval of Directors' fees for the Non-Executive Directors. The Company's voting and vote tabulation procedures are properly disclosed and explained by the Scrutineer during the AGM. Voting results on all matters for shareholder approval during the AGM are announced by way of announcements made on the Singapore Exchange Network (the "SGXNET") on the same day, including approving, dissenting and abstaining votes.

CORPORATE GOVERNANCE REPORT

Whilst there is no limit imposed on the number of proxy votes for nominee companies, the Constitution of the Company allows each shareholder to appoint up to two proxies to attend the Company's general meetings and vote on their behalf. Voting in absentia and by mail, electronic mail or facsimile may be possible at the Directors' discretion to approve or implement, subject to the security measures as may be deemed necessary or expedient to ensure that the integrity of the information and authentication of the identity of shareholder(s) is not compromised. The Proxy Form is included in the Annual Report and sent out to all shareholders prior to the AGM.

Shareholders are informed of shareholders' meetings through notices contained in annual reports or circulars sent to all shareholders. These notices are also published in the Business Times and posted onto the SGXNET.

For FY2020, the Annual Report together with the Notice of AGM will be disseminated to the shareholders via the SGXNET and will also be made available at the Company's corporate website at <https://www.fabchemchina.com>.

Resolutions at general meetings are on each substantially separate issue. All the resolutions at the general meetings are single item resolutions.

All Directors, including the Chairman of the Board, AC, NC and RC, are present and available to address questions from shareholders at general meetings. The external auditors are also present to address shareholders queries in relation to the conduct of the audits and the preparation and contents of the auditors' reports.

The Board views the AGM as the principal forum for dialogue with shareholders, being an opportunity for shareholders to raise issues pertaining to the proposed resolutions and/or ask the Directors or the Management questions regarding the Company and its operations.

To promote greater transparency in the voting process and in accordance with the SGX-ST Listing Manual, the Company conducts the voting of all its resolutions by poll at all its AGMs and EGMs. The detailed voting results of each of the resolutions tabled are announced immediately at the meeting. The total number of votes cast for or against the resolutions are also announced after the meeting via SGXNET.

Minutes of general meetings are prepared, which includes substantial and relevant comments or queries from shareholders relating to the agenda of the meeting, as well as responses from the Board and Management. Such meeting minutes are made available to shareholders upon their request. For FY2020, the minutes of the AGM will be published to the SGXNET and on the corporate website of the Company within one month from the AGM date.

The Group has a dividend policy of distributing at least 10% of profit attributable to shareholders every financial year.

ENGAGEMENT WITH SHAREHOLDERS

Principle 12: The company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the company.

The Company has not put in place an investor relations policy to promote regular and proactive communication with shareholders. The Company will review such need going forward.

The Company believes in engaging a regular, effective and fair communication with its shareholders and is committed to convey pertinent information to its shareholders on a timely basis. The Company takes care to ensure that information that is made publicly available on a timely basis. Disclosure of information is made through announcements released to the SGX-ST, the Company's annual reports, circulars, press releases, as well as on the corporate website www.fabchemchina.com which has a dedicated investor relations section.

The Company does not practice selective disclosure. In line with continuous obligations of the Company pursuant to the SGX-ST Listing Manual and the Companies Act (Cap 50) of Singapore, the Board's policy is that all shareholders should be equally and timely informed of all major developments that will impact the Company or the Group. Information is communicated to shareholders on a timely basis through the SGXNET and the press.

Shareholders and investors are also encouraged to contact the Group's investor relations contact, being Mr Alex Tan, at this email address: alex.tan@8prasia.com or ir@fabchemchina.com. This channel of communication is designed to facilitate regular and effective communication in an open and non-discriminatory approach on changes to the Company as well as its performance or business developments which would be likely to materially affect the price or value of the shares. The Group's investor relations contact endeavour to respond to shareholder queries promptly and effectively, and usually does so within a week of receiving such queries.

MANAGING STAKEHOLDERS RELATIONSHIP

ENGAGEMENT WITH STAKEHOLDERS

Principle 13: The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the company are served.

The Company's engagement with all stakeholders will be set out in detail in the Sustainability Report to be published annually on the Company's corporate website.

The Company takes its corporate social responsibility seriously and it is not involved nor does it have any legal violation pertaining to future generation, employee, customer and community.

The Company's announcements, financial results, annual reports and Code of Conduct are available on the Company's website at <https://www.fabchemchina.com>.

The forthcoming FY2020 AGM will be convened and held by way of electronic means:

1. Due to the current COVID-19 situation and the related elevated safe distancing measures in Singapore, the AGM of the Company will be convened and held by way of electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020.
2. A member will not be able to attend the AGM in person. A member (whether individual or corporate) wishes to exercise his/her/its voting rights at the AGM, he/she/it must appoint the Chairman of the AGM to act as proxy and direct the vote at the AGM.
3. Printed copies of the Notice of AGM will not be sent to members. The electronic copies of the Notice of AGM and the Annual Report are made available on the
 - Company's website at the URL <https://www.fabchemchina.com>; and
 - SGXNet at the URL <https://www.sgx.com/securities/company-announcements>.
4. The procedure of registration of live webcast, proxy form submission and submission of questions in advance of the AGM can be found in the AGM Notice.

OTHER CORPORATE GOVERNANCE MATTERS

DEALING IN SECURITIES

The Group has adopted an internal code in relation to dealings in the Company's securities pursuant to Rule 1207(19) of the SGX-ST Listing Manual that is applicable to the Company and all its officers. The internal code prohibits the officers from dealing in the Company's shares on short-term considerations. The Company has in place a policy prohibiting share dealings by Directors and employees of the Company for the period of two weeks before the announcement of the Company's financial results for the first three quarters of its financial year, or one month prior to the announcement of the Company's full year results; and ending on the date of the announcement of the relevant results.

Directors and Executives are also expected to observe insider trading laws at all times even when dealing with securities within the permitted trading period.

CORPORATE GOVERNANCE REPORT

MATERIAL CONTRACTS

Save as disclosed in the Interested Person Transactions section, there are no material contracts entered into by the Company or its subsidiaries involving the interest, direct or deemed, of the MD or any Director or controlling shareholders (as defined in the SGX-ST Listing Manual), during FY2020.

INTERESTED PERSON TRANSACTIONS

The Company has established procedures to ensure that all transactions with interested persons are reported in a timely manner to the AC and that such transactions are carried out at arms' length and on normal commercial terms and will not be prejudicial to the interests of the Company, its subsidiaries and its minority shareholders. The AC will review and approve all interested person transactions as defined by the SGX-ST Listing Manual.

During FY2020, the following interested person transactions were entered into by the Group:

Name of interested person	Nature	Aggregate value of all interested person transaction (excluding transactions less than \$100,000 and transactions conducted under a shareholders' mandate pursuant to Rule 920)		Aggregate value of all interested person transactions conducted under a shareholders' mandate pursuant to Rule 920 (excluding transactions less than \$100,000)	
		FY2020	FY2019	FY2020	FY2019
		RMB'000	RMB'000	RMB'000	RMB'000
Dyno Nobel ⁽¹⁾	Sales of commercial explosives	–	–	–	24,018
Shandong Yinguang Security Services Co., Ltd ⁽²⁾	Provision of security services	–	–	6,200	6,200
Wulian Hanyue Blasting Services Co., Ltd ⁽²⁾	Sales of commercial explosives	–	–	–	1,903

Footnotes:

- (1) The relevant general mandate was approved at the Extraordinary General Meeting held on 10 November 2011 and was updated and approved at the Annual General Meeting held on 31 July 2019. Transactions with Dyno Nobel had ceased to be considered as Interested Party Transactions after the divestment of shares by DNY Australia Pty Limited on 15 March 2019.
- (2) The relevant general mandate was approved at the Extraordinary General Meeting held on 31 July 2017 and was updated and approved at the Annual General Meeting held on 31 July 2019.

USE OF PROCEEDS

For FY2020, the Group has a total unutilised IPO proceeds of approximately RMB 2.0 million (FY2019: RMB 2.0 million).

The Board will continue to make periodic announcement on the utilisation of the balance of the IPO proceeds until the whole of the IPO proceeds has been fully disbursed.

CORPORATE GOVERNANCE REPORT

TABLE 4 – REMUNERATION TABLE

a) Directors' remuneration

For competitive reasons, the Company is not disclosing the annual remuneration of each individual Director for FY2020. Instead, we are disclosing the bands of remuneration as follows:

Name of Director	S\$0 to S\$250,000	Directors' Fees ⁽¹⁾ (%)	Fixed Salary (%)	Consulting Fees (%)
Executive Directors				
Bao Hongwei	✓	–	100.0	–
Independent Directors				
Wee Phui Gam	✓	100.0	–	–
Jiang Rongguang	✓	100.0	–	–
Non-Executive Non-Independent Director				
Sun Bowen	✓	38.6	–	61.4

(1) The remuneration in the form of Directors' fees is subject to the approval of the shareholders at the forthcoming AGM.

b) Top Four Key Management Personnel Remuneration

The Group has only four (4) key management personnel (who are not Directors of the Company) during FY2020. Details of remuneration paid to the key management personnel (who are not Directors of the Company) of the Group for FY2020 are set out below. For competitive reasons, the Company is only disclosing the band of remuneration for each key management personnel for FY2020 under review as follows:

Name of Key Management Personnel	Below S\$250,000	Percentage of Variable Remuneration (%)	Percentage of Fixed Remuneration (%)
Sun Qiang	✓	–	100.0
Yang Xingdong	✓	–	100.0
Kwek Wei Lee	✓	–	100.0
Chen Hongyu	✓	–	100.0

The annual aggregate remuneration paid to the top four key management personnel is approximately S\$436,000.

There are no termination, retirement and post-employment benefits granted to the Directors, the MD and the top four key management personnel (who are not Directors or MD) of the Group.

c) Immediate families of Directors

Sun Qiang is the son of the Non-Executive Non-Independent Director whose remuneration did not exceed S\$100,000 during FY2020. Apart from him, no employee of the Company and its subsidiary is an immediate family member of a Director and whose remuneration was paid more than S\$100,000 during FY2020.

DISCLOSURE OF INFORMATION ON DIRECTORS SEEKING RE-ELECTION

Mr Bao Hongwei and Prof. Jiang Rongguang are the Directors seeking re-election at the forthcoming AGM of the Company to be convened on 28 September 2020 (collectively, the “Retiring Directors” and each a “Retiring Director”).

Pursuant to Rule 720(6) of the SGX-ST Listing Manual, the following is the information relating to the Retiring Directors as set out in Appendix 7.4.1 to the SGX-ST Listing Manual:

	Mr. Bao Hongwei	Prof. Jiang Rongguang
Date of Appointment	16 June 2005	11 October 2010
Date of last re-appointment	31 July 2017	31 July 2018

<p>Any prior experience as a director of a listed company?</p> <p>If yes, please provide details of prior experience.</p> <p>If no, please state if the director has attended or will be attending training on the roles and responsibilities of a director of a listed issuer as prescribed by the Exchange.</p> <p>Please provide details of relevant experience and the nominating committee's reasons for not requiring the director to undergo training as prescribed by the Exchange (if applicable).</p>	<p>Yes</p> <p>Mr. Bao Hongwei is presently already a Director of the Company.</p>	<p>Yes</p> <p>Prof. Jiang Rongguang is presently already a Director of the Company.</p>

The professional qualifications, working experience and other relevant information of the members of the Board are set out on page 9 to the Annual Report.

The Directors' interests in shares are disclosed on pages 49 and 50 of the Statement by Directors.

STATEMENT BY DIRECTORS

The directors of Fabchem China Limited (the "Company") are pleased to present the consolidated financial statements of the Group and statement of financial position and statement of changes in equity of the Company for the reporting year ended 31 March 2020.

1. Opinion of the directors

In the opinion of the directors,

- (a) the accompanying consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are drawn up so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 March 2020 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and the changes in equity of the Company for the reporting year covered by the financial statements or consolidated financial statements; and
- (b) at the date of the statement there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

The board of directors approved and authorised these financial statements for issue.

2. Directors

The directors of the Company in office at the date of this statement are:

Bao Hongwei
Sun Bowen
Wee Phui Gam
Prof. Jiang Rongguang

3. Directors' interests in shares and debentures

The directors of the Company holding office at the end of the reporting year were not interested in shares in or debentures of the Company or other related body corporate as recorded in the register of directors' shareholdings kept by the Company under section 164 of the Companies Act, Chapter 50 (the "Act") except as follows:

Name of company and directors in which interests are held	Direct Interest	
	At beginning of the reporting year	At end of the reporting year
	Number of shares of no par value	
Bao Hongwei	957,600	—

<u>Lombard Inc.</u>		
Bao Hongwei	1,720,800	–

The directors' interests as at 21 April 2020 were the same as those at the end of the reporting year.

By virtue of section 7 of the Act, Mr Sun Bowen with the above deemed interest is also deemed to have an interest in all the related corporations of the Company.

4. Arrangements to enable directors to acquire benefits by means of the acquisition of shares and debentures

Neither at the end of the reporting year nor at any time during the reporting year did there subsist arrangements to which the Company is a party, being arrangements whose objects are, or one of whose objects is, to enable directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

5. Options

During the reporting year, no option to take up unissued shares of the Company or other body corporate in the Group was granted.

During the reporting year, there were no shares issued by virtue of the exercise of an option to take up unissued shares.

At the end of the reporting year, there were no unissued shares under option.

6. Report of audit committee

The members of the audit committee at the date of this report are as follows:

Wee Phui Gam (Chairman)
Sun Bowen
Prof. Jiang Rongguang

The audit committee carried out its the functions in accordance with section 201B(5) of the Act. Among other functions, it performed the following:

- Reviewed with the independent external auditor their audit plan;

6. Report of audit committee (continued)

- Reviewed with the independent external auditor their evaluation of the Company's internal accounting controls relevant to their statutory audit, and their report on the financial statements and the assistance given by the Company's officers to them;
- Reviewed with the internal auditor the scope and results of the internal audit procedures (including those relating to financial, operational and compliance controls and risk management) and the assistance given by the management to the internal auditor;
- Reviewed the financial statements of the Group and the Company prior to their submission to the directors of the Company for adoption; and
- Reviewed the interested person transactions (as defined in Chapter 9 of the Singapore Exchange Securities Trading Limited's Listing Manual).

Other functions performed by the audit committee are described in the report on corporate governance included in the annual report of the Company. It also includes an explanation of how independent auditor objectivity and independence is safeguarded when the independent auditors provide non-audit services.

The audit committee has recommended to the board of directors that the independent auditors, RSM Chio Lim LLP, be nominated for re-appointment as independent auditors at the next annual general meeting of the Company.

7. Independent auditor

RSM Chio Lim LLP has expressed willingness to accept re-appointment.

8. Directors' opinion on the adequacy of internal controls

Based on the internal controls established and maintained by the Company, work performed by the internal auditor and reviews performed by management, other committees of the board and the board, the audit committee and the board are of the opinion that Company's internal controls, addressing financial, operational, compliance risks and information technology controls and risk management systems, were adequate as at the end of the reporting year 31 March 2020.

9. Subsequent developments

There are no significant developments subsequent to the release of the Group's and the Company's preliminary financial statements, as announced on 30 July 2020, which would materially affect the Group's and the Company's operating and financial performance as of the date of this report.

On behalf of the directors

Bao Hongwei
Director

Sun Bowen

INDEPENDENT AUDITOR'S REPORT

To the Members of Fabchem China Limited (Registration No: 200413128G)

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Fabchem China Limited (the "Company") and its subsidiaries (the "Group"), which comprise the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 31 March 2020, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group and the statement of changes in equity of the Company for the reporting year then ended, and notes to the financial statements, including significant accounting policies and other explanatory information.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 March 2020 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and the changes in equity of the Company for the reporting year ended on that date.

Basis for opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current reporting year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

(a) Impairment assessment of property, plant and equipment and right-of-use assets

Risk

The Group owns property, plant and equipment and right-of-use assets in the People's Republic of China ("PRC"). These represent 52% (or RMB161.4 million) of the Group's total assets as at 31 March 2020.

The Group has made losses in consecutive years. In addition, there were new regulatory directives issued by PRC regulator that could potentially lead to technology obsolescence for certain production lines.

Management determines at the end of each reporting year the existence of any objective evidence that the carrying value of these assets may be impaired. If there are indicators of impairment, the deficit between the recoverable amount and their carrying value would be recognised in profit and loss.

The Group has made further impairment allowance of RMB1.5 million and RMB0.1 million (accumulated impairment allowance of RMB72.0 million and RMB48.6 million) to write down the carrying value of the leasehold properties and plant and equipment respectively to their recoverable value as at 31 March 2020.

INDEPENDENT AUDITOR'S REPORT

To the Members of Fabchem China Limited (Registration No: 200413128G)

Key audit matters (continued)

(a) Impairment assessment of property, plant and equipment and right-of-use assets (continued)

Our response

With involvement of our internal valuation specialist, we evaluated management's assessment of impairment indicators. We tested management's assumptions and integrity of inputs used in value-in-use calculation (discounted cash flow method). We also challenged the growth rates and discount rates used in the computations by comparing them against historical rates and taking into consideration comparability and market factors. Where the rates were outside the expected range, we undertook further procedures to understand the effect of additional factors and, when necessary, held further discussions with management.

We also considered the adequacy of the disclosures in the financial statements in describing the inherent degree of subjectivity and key assumptions in the estimates as disclosed in Note 2C, Note 12 and Note 13 of the consolidated financial statements.

(b) Impairment assessment of trade receivables

Risk

Trade receivables accounted for 7% (or RMB22.8 million) of the Group's total assets as at 31 March 2020. Allowance for impairment are made for expected credit losses using a provision matrix and it is considered to be a matter of most significance as it requires significant management's judgements and estimates in determining the recoverability of trade receivables for impairment assessment and, where relevant, incorporated forward-looking information that reflect management's view of potential future economic conditions. At the end of the reporting year, the Group had made collective impairments of approximately RMB3.2 million for expected credit losses, representing 9% of total gross trade receivables.

In addition, the Group also made allowance for individual impairment of those credit-impaired trade receivables of approximately RMB10.5 million, representing 29% of total gross trade receivables.

Related disclosures of the accounting judgements and estimates and impairment of trade receivables are included in Notes 2C and Note 18 of the consolidated financial statements.

Our response

With involvement of the component auditors, we have reviewed the collective impairments assessments by obtaining an understanding of provision matrix developed by the Group and assessed management's assumptions and estimates, in particular, the historical observed default rates of trade receivables grouped based on shared credit risk characteristics and those relating to forward-looking information.

In addition, we also evaluated the management's assumptions and estimates used to determine the individual impairments taking into account the local facts and circumstances which are considered key considerations for each credit-impaired receivables.

We also considered the adequacy of the loss allowance recorded as at end of the reporting year and the disclosures made in the consolidated financial statements in describing the inherent degree of subjectivity and key assumptions in the estimation of the impairment loss on trade receivables and its related risks such as credit risk and the aging of trade receivables as disclosed in Note 2C and Note 18 of the consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Members of Fabchem China Limited (Registration No: 200413128G)

Other information

Management is responsible for the other information. Other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and directors for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and the SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

INDEPENDENT AUDITOR'S REPORT

To the Members of Fabchem China Limited (Registration No: 200413128G)

Auditor's responsibilities for the audit of the financial statements (continued)

- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Goh Swee Hong.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

1. General

Fabchem China Limited (the “Company”) is incorporated in Singapore with limited liability. The financial statements are presented in Chinese Renminbi (“RMB”) and comprise the Company and its subsidiaries (together referred to as the “Group”).

The board of directors approved and authorised these financial statements for issue on the date of the statement by directors.

The Company is an investment holding company. It is listed on the Singapore Exchange Securities Trading Limited (“SGX-ST”).

The Company was placed on the watch-list of the SGX-ST due to the Financial Entry Criteria with effect from 5 December 2018.

The principal activities of the subsidiaries are described in Note 15 below.

The registered office is at 8 Robinson Road #03-00, ASO Building Singapore 048544. The Company is situated in Singapore.

Statement of compliance with financial reporting standards

These financial statements have been prepared in accordance with Singapore Financial Reporting Standards (International) (“SFRS(I)s”) and the related Interpretations to SFRS(I)s (“SFRS(I) INT”) as issued by the Singapore Accounting Standards Council. They are also in compliance with the provisions of the Companies Act, Chapter 50 (the “Act”).

This is the first set of the Group’s annual financial statements in which SFRS(I) 16 Leases has been applied. The related changes to significant accounting policies are described in Note 2A.

Accounting convention

The financial statements are prepared on a going concern basis under the historical cost convention except where a financial reporting standard requires an alternative treatment (such as fair values) as disclosed where appropriate in these financial statements. The accounting policies in the financial reporting standards may not be applied when the effect of applying them is not material. The disclosures required by financial reporting standards may not be provided if the information resulting from that disclosure is not material.

Basis of preparation of financial statements

The preparation of financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting year. Actual results could differ from those estimates. The estimates and assumptions are reviewed on an ongoing basis. Apart from those involving estimations, management has made judgements in the process of applying the entity’s accounting policies. The areas requiring management’s most difficult, subjective or complex judgements, or areas where assumptions and estimates are significant to the financial statements, are disclosed at the end of this footnote, where applicable.

Basis of consolidation

The consolidated financial statements include the financial statements made up to the end of the reporting year of the Company and all of its subsidiaries. The consolidated financial statements are the financial statements of the Group presented as those of a single economic entity and are prepared using uniform accounting policies for like transactions and other events in similar circumstances. All significant intragroup balances and transactions are eliminated on consolidation. Subsidiaries are consolidated from the date the reporting entity obtains control of the investee and cease when the reporting entity loses control of the investee.

1. General (continued)

Basis of consolidation (continued)

Changes in the Group's ownership interest in a subsidiary that do not result in the loss of control are accounted for within equity as transactions with owners in their capacity as owners. The carrying amounts of the Group's and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. When the Group loses control of a subsidiary it derecognises the assets and liabilities and related equity components of the former subsidiary. Any gain or loss is recognised in profit or loss. Any investment retained in the former subsidiary is measured at fair value at the date when control is lost and is subsequently accounted as fair value through profit or loss financial assets in accordance with SFRS(I) 9.

The Company's separate financial statements have been prepared on the same basis, and as permitted by the Act, the Company's separate statement of profit or loss and other comprehensive income and statement of cash flows are not presented.

Coronavirus Disease ("COVID-19") pandemic and the aftermath

The COVID-19 pandemic and the aftermath of the pandemic globally forced to suspend or limit business operations during the reporting year and the aftermath is expected for the unforeseeable period ahead. Measures were taken by the governments to contain the spread of COVID-19, including travels, social distancing and closure of non-essential services. This resulted in an economic slowdown, which have adversely impacted on the business of the reporting entity. The economic uncertainties have created questions about the uncertainties relating to the impairment or recoverability of certain assets (including impairment allowances for inventories and receivables) and the completeness or valuation of certain assets and liabilities reflected in these financial statements. An assessment was made by management whether for the current reporting year there were any indications that these assets and liabilities may be impacted adversely. If any such indication of uncertainties existed, an estimate was made of the realisable amount and or fair value of the relevant assets and the completeness of the liabilities (which balances are more fully disclosed in the relevant notes to these financial statements). The recoverability of the assets and the ability of the entity to maintain or pay its debts as they mature are dependent to a large extent on the efficacy of the fiscal and other measures undertaken by China and the other affected countries to successfully meet those economic challenges. As the pandemic continues to progress and evolve, it is extremely challenging to predict the full extent and duration of its impact on the Group's businesses and the countries where the Group operates.

2. Significant accounting policies and other explanatory information

2A. Significant accounting policies

Revenue recognition

The financial reporting standard on revenue from contracts with customers establishes a five-step model to account for revenue arising from contracts with customers. Revenue is recognised at an amount that reflects the consideration to which the entity expects to be entitled in exchange for transferring goods or services to a customer (which excludes estimates of variable consideration that are subject to constraints, such as right of return exists, trade discounts, volume rebates and changes to the transaction price arising from modifications), net of any related sales taxes and excluding any amounts collected on behalf of third parties. An asset (goods or services) is transferred when or as the customer obtains control of that asset. As a practical expedient the effects of any significant financing component is not adjusted if the payment for the good or service will be within one year.

Sale of goods

Revenue is recognised at a point in time when the performance obligation is satisfied by transferring a promised good or service to the customer. Control of the goods is transferred to the customer generally on delivery of the goods (in this respect, incoterms are considered).

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

2. Significant accounting policies and other explanatory information (continued)

2A. Significant accounting policies (continued)

Interest income

Interest income is recognised using the effective interest method.

Dividend income

Dividend from equity instruments is recognised in profit or loss only when the entity's right to receive payment of the dividend is established; it is probable that the economic benefits associated with the dividend will flow to the entity; and the amount of the dividend can be measured reliably.

Government grants

Government grants are recognised at fair value when there is reasonable assurance that the conditions attaching to them will be complied with and that the grants will be received. Grants in recognition of specific expenses are recognised in profit or loss on a systematic basis over the periods necessary to match them with the related costs that they are intended to compensate. The grant related to assets is presented in the statement of financial position by recognising the grant as deferred income that is recognised in profit or loss on a systematic basis over the useful life of the asset and in the proportions in which depreciation expense on those assets is recognised.

Employee benefits

Contributions to a defined contribution retirement benefit plan are recorded as an expense as they fall due. The entity's legal or constructive obligation is limited to the amount that it is obligated to contribute to an independently administered fund (such as the Central Provident Fund in Singapore, a government managed defined contribution retirement benefit plan). For employee leave entitlement the expected cost of short-term employee benefits in the form of compensated absences is recognised in the case of accumulating compensated absences, when the employees render service that increases their entitlement to future compensated absences; and in the case of non-accumulating compensated absences, when the absences occur. A liability for bonuses is recognised where the entity is contractually obliged or where there is constructive obligation based on past practice.

Pursuant to the relevant regulations of the People's Republic of China ("PRC") government, the subsidiaries in the PRC have each participated in a local municipal government retirement benefits scheme (the "Scheme"), whereby the subsidiaries in the PRC are required to contribute to a certain percentage to the basic salaries of its employees to the Scheme to fund their retirement benefits. The local municipal government undertakes to assume the retirement benefits obligations of those employees of the Group.

Borrowing costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Interest expense is calculated using the effective interest rate method. Borrowing costs are recognised as an expense in the period in which they are incurred except that borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset that necessarily take a substantial period of time to get ready for their intended use or sale are capitalised as part of the cost of that asset until substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are complete.

2. Significant accounting policies and other explanatory information (continued)

2A. Significant accounting policies (continued)

Foreign currency transactions

The functional currency of the Company is the Singapore dollar (“S\$”) as it reflects the primary economic environment in which the entity operates. Transactions in foreign currencies are recorded in the functional currency at the rates ruling at the dates of the transactions. At each end of the reporting year, recorded monetary balances and balances measured at fair value that are denominated in non-functional currencies are reported at the rates ruling at the end of the reporting year and fair value measurement dates respectively. All realised and unrealised exchange adjustment gains and losses are dealt with in profit or loss except when recognised in other comprehensive income and if applicable deferred in equity such as qualifying cash flow hedges. The presentation currency is the Chinese Renminbi (“RMB”).

For the S\$ financial statements assets and liabilities are translated at year end rates of exchange and the income and expense items are translated at average rates of exchange for the reporting year. The resulting translation adjustments (if any) are recognised in other comprehensive income and accumulated in a separate component of equity. The translations of S\$ amounts into RMB amounts are included solely for the convenience of readers. The reporting year end rates used are RMB4.9790 to S\$1.00 (2019: RMB4.9511 to S\$1.00) which approximate the rate of exchange at the end of the reporting year. The average rates of exchange for the reporting year were RMB5.0802 to S\$1.00 (2019: RMB4.9561 to S\$1.00). Such translation should not be construed as a representation that the RMB amounts could be converted into S\$ at the above rate or other rate.

Translation of financial statements of other entities

Each entity in the Group determines the appropriate functional currency as it reflects the primary economic environment in which the relevant reporting entity operates. In translating the financial statements of such an entity for incorporation in the consolidated financial statements in the presentation currency the assets and liabilities denominated in other currencies are translated at end of the reporting year rates of exchange and the income and expense items for each statement presenting profit or loss and other comprehensive income are translated at average rates of exchange for the reporting year. The resulting translation adjustments (if any) are recognised in other comprehensive income and accumulated in a separate component of equity until the disposal of that relevant reporting entity.

Income tax

The income taxes are accounted using the asset and liability method that requires the recognition of taxes payable or refundable for the current year and deferred tax liabilities and assets for the future tax consequence of events that have been recognised in the financial statements or tax returns. The measurements of current and deferred tax liabilities and assets are based on provisions of the enacted or substantially enacted tax laws; the effects of future changes in tax laws or rates are not anticipated. Tax expense (tax income) is the aggregate amount included in the determination of profit or loss for the reporting year in respect of current tax and deferred tax. Current and deferred income taxes are recognised as income or as an expense in profit or loss unless the tax relates to items that are recognised in the same or a different period outside profit or loss. For such items recognised outside profit or loss the current tax and deferred tax are recognised (a) in other comprehensive income if the tax is related to an item recognised in other comprehensive income and (b) directly in equity if the tax is related to an item recognised directly in equity. Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same income tax authority. The carrying amount of deferred tax assets is reviewed at each end of the reporting year and is reduced, if necessary, by the amount of any tax benefits that, based on available evidence, are not expected to be realised. A deferred tax amount is recognised for all temporary differences, unless the deferred tax amount arises from the initial recognition of an asset or liability in a transaction which (i) is not a business combination; and (ii) at the time of the transaction, affects neither accounting profit nor taxable profit (tax loss). A deferred tax liability or asset is recognised for all temporary differences associated with investments in subsidiaries except where the reporting entity is able to control the timing of the reversal of the taxable temporary difference and it is probable that the taxable temporary difference will not reverse in the foreseeable future or for deductible temporary differences, they will not reverse in the foreseeable future and they cannot be utilised against taxable profits.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

2. Significant accounting policies and other explanatory information (continued)

2A. Significant accounting policies (continued)

Property, plant and equipment

Property, plant and equipment are carried at cost on initial recognition and after initial recognition at cost less any accumulated depreciation and accumulated impairment losses, if any. Depreciation is provided on a straight-line method to allocate the gross carrying amounts of the assets less their residual values over their estimated useful lives of each part of an item of these assets. The annual rates of depreciation are as follows:

Leasehold properties	–	3.3% to 5%
Plant and equipment	–	5% to 33.3%

Construction-in-progress represents buildings under construction and plant and equipment pending installation. These assets will reclassify to the respective categories of property, plant and equipment upon completion. Depreciation only begin when the relevant assets are available for use.

An asset is depreciated when it is available for use until it is derecognised even if during that period the item is idle. Fully depreciated assets still in use are retained in the financial statements.

The gain or loss arising from the derecognition of an item of property, plant and equipment is recognised in profit or loss. The residual value and the useful life of an asset is reviewed at least at each end of the reporting year and, if expectations differ significantly from previous estimates, the changes are accounted for as a change in an accounting estimate, and the depreciation charge for the current and future periods are adjusted.

Cost also includes acquisition cost, borrowing cost capitalised and any cost directly attributable to bringing the asset or component to the location and condition necessary for it to be capable of operating in the manner intended by management. Subsequent costs are recognised as an asset only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit or loss when they are incurred.

Right-of-use assets

The right-of-use assets are accounted and presented as if they were owned such as property, plant and equipment. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

Land use rights

Land use rights are measured at cost less accumulated amortisation and accumulated impairment losses. The land use rights are amortised over the remaining lease terms. The annual rate of amortisation is as follows:

Land use rights	–	2% to 5%
-----------------	---	----------

2. Significant accounting policies and other explanatory information (continued)

2A. Significant accounting policies (continued)

Leases, as a lessee

The accounting policy for leases after 1 January 2019

A lease is a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration. A right-of-use asset is capitalised in the statement of financial position, measured at the present value of the unavoidable future lease payments to be made over the lease term. A liability corresponding to the capitalised lease is also recognised, adjusted for lease prepayments, lease incentives received, initial direct costs incurred and an estimate of any future restoration, removal or dismantling costs. The right-to-use asset is depreciated over the earlier of the end of the useful life of the right-of-use asset or the end of the lease term and an interest expense on the recognised lease liability (included in finance costs). Short-term leases of 12 months or less and leases of low-value assets (such as personal computers and small office equipment) where an accounting policy choice exists under the lease standard whereby the lease payments are expensed to profit or loss as incurred on a straight line basis over the remaining lease term.

The accounting policy for leases before 1 January 2019

Leases are classified as finance leases if substantially all the risks and rewards of ownership are transferred to the lessee. All other leases are classified as operating leases. At the commencement of the lease term, a finance lease is recognised as an asset and a liability in the statement of financial position at amounts equal to the fair value of the leased asset or, if lower, the present value of the minimum lease payments, each measured at the inception of the lease. The discount rate used in calculating the present value of the minimum lease payments is the interest rate implicit in the lease, if this is practicable to determine, the lessee's incremental borrowing rate is used. Any initial direct costs of the lessee are added to the amount recognised as an asset. The excess of the lease payments over the recorded lease liability are treated as finance charges which are allocated to each reporting year during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability. Contingent rents are charged as expenses in the reporting years in which they are incurred. The assets are depreciated as owned depreciable assets. Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased assets are classified as operating leases. For operating leases, lease payments are recognised as an expense in profit or loss on a straight-line basis over the term of the relevant lease unless another systematic basis is representative of the time pattern of the user's benefit, even if the payments are not on that basis. Lease incentives received are recognised in profit or loss as an integral part of the total lease expense.

Leases, as a lessor

As a lessor the reporting entity classifies each of its leases as either an operating lease or a finance lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset and it is presented in its statement of financial position as a receivable at an amount equal to the net investment in the lease. For a finance lease the finance income is recognised over the lease term, based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset. Lease receipts from operating leases are recognised as income on either a straight-line basis or another systematic basis over the term of the lease.

Subsidiaries

A subsidiary is an entity including unincorporated and special purpose entity that is controlled by the reporting entity and the reporting entity is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. The existence and effect of substantive potential voting rights that the reporting entity has the practical ability to exercise (that is, substantive rights) are considered when assessing whether the reporting entity controls another entity.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

2. Significant accounting policies and other explanatory information (continued)

2A. Significant accounting policies (continued)

Subsidiaries (continued)

In the reporting entity's separate financial statements, an investment in a subsidiary is accounted for at cost less any allowance for impairment in value. Impairment loss recognised in profit or loss for a subsidiary is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying value and the net book value of the investment in a subsidiary are not necessarily indicative of the amount that would be realised in a current market exchange.

Business combinations

A business combination is a transaction or other event which requires that the assets acquired and liabilities assumed constitute a business. It is accounted for by applying the acquisition method of accounting. The cost of a business combination includes the fair values, at the date of exchange, of assets given, liabilities incurred or assumed, and equity instruments issued by the acquirer, in exchange for control of the acquiree. The acquisition-related costs are expensed in the periods in which the costs are incurred and the services are received except for any costs to issue debt or equity securities are recognised in accordance with the financial reporting standard on financial instruments. As of the acquisition date, the acquirer recognises, separately from goodwill, the identifiable assets acquired, the liabilities assumed and any non-controlling interest in the acquiree measured at acquisition-date fair values as defined in and that meet the conditions for recognition under the financial reporting standard on business combinations. If there is gain on bargain purchase, for the gain on bargain purchase a reassessment is made of the identification and measurement of the acquiree's identifiable assets, liabilities and contingent liabilities and the measurement of the cost of the business combination and any excess remaining after this reassessment is recognised immediately in profit or loss.

Goodwill and fair value adjustments resulting from the application of purchase accounting at the date of acquisition are treated as assets and liabilities of the foreign entity and are recorded at the exchange rates prevailing at the acquisition date and are subsequently translated at the period end exchange rate.

There were no business combinations during the reporting year.

Inventories

Inventories are measured at the lower of cost (weighted average method) and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. A write down on cost is made where the cost is not recoverable or if the selling prices have declined. Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. In the case of manufactured inventories and work in progress, cost includes an appropriate share of overheads based on normal operating capacity.

2. Significant accounting policies and other explanatory information (continued)

2A. Significant accounting policies (continued)

Impairment of non-financial assets

Irrespective of whether there is any indication of impairment, an annual impairment test is performed at about the same time every year on an intangible asset with an indefinite useful life or an intangible asset not yet available for use. The carrying amount of other non-financial assets is reviewed at each end of the reporting year for indications of impairment and where an asset is impaired, it is written down through profit or loss to its estimated recoverable amount. The impairment loss is the excess of the carrying amount over the recoverable amount and is recognised in profit or loss. The recoverable amount of an asset or a cash-generating unit is the higher of its fair value less costs of disposal and its value in use. When the fair value less costs of disposal method is used, any available recent market transactions are taken into consideration. When the value in use method is adopted, in assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). At each end of the reporting year non-financial assets other than goodwill with impairment loss recognised in prior periods are assessed for possible reversal of the impairment. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been measured, net of depreciation or amortisation, if no impairment loss had been recognised.

Financial instruments

Recognition and derecognition of financial instruments

A financial asset or a financial liability is recognised in the statement of financial position when, and only when, the entity becomes party to the contractual provisions of the instrument. All other financial instruments (including regular-way purchases and sales of financial assets) are recognised and derecognised, as applicable, using trade date accounting or settlement date accounting. A financial asset is derecognised when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the entity neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset. A financial liability is removed from the statement of financial position when, and only when, it is extinguished, that is, when the obligation specified in the contract is discharged or cancelled or expires. At initial recognition the financial asset or financial liability is measured at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability.

Classification and measurement of financial assets

- (i) Financial asset classified as measured at amortised cost:

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at fair value through profit or loss ("FVTPL"), that is (a) the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and (b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Typically trade and other receivables, bank and cash balances are classified in this category.

- (ii) Financial asset that is a debt asset instrument classified as measured at fair value through other comprehensive income ("FVTOCI"):

There were no financial assets classified in this category at end of the reporting year.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

2. Significant accounting policies and other explanatory information (continued)

2A. Significant accounting policies (continued)

Financial instruments (continued)

Classification and measurement of financial assets (continued)

(iii) Financial asset that is an equity investment measured at FVTOCI:

There were no financial assets classified in this category at end of the reporting year.

(iv) Financial asset classified as measured at FVTPL:

There were no financial assets classified in this category at end of the reporting year.

Classification and measurement of financial liabilities

Financial liabilities are classified as at FVTPL in either of the following circumstances: (1) the liabilities are managed, evaluated and reported internally on a fair value basis; or (2) the designation eliminates or significantly reduces an accounting mismatch that would otherwise arise. All other financial liabilities are carried at amortised cost using the effective interest method. Reclassification of any financial liability is not permitted.

Cash and cash equivalents

Cash and cash equivalents include bank and cash balances, on demand deposits and any highly liquid debt instruments purchased with an original maturity of three months or less. For the statement of cash flows the item includes cash and cash equivalents less cash subject to restriction and bank overdrafts payable on demand that form an integral part of cash management.

Fair value measurement

The fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When measuring the fair value of an asset or a liability, market observable data to the extent possible is used. If the fair value of an asset or a liability is not directly observable, an estimate is made using valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs (eg by use of the market comparable approach that reflects recent transaction prices for similar items, discounted cash flow analysis, or option pricing models refined to reflect the issuer's specific circumstances). Inputs used are consistent with the characteristics of the asset / liability that market participants would take into account. The entity's intention to hold an asset or to settle or otherwise fulfil a liability is not taken into account as relevant when measuring fair value.

Fair values are categorised into different levels in a fair value hierarchy based on the degree to which the inputs to the measurement are observable and the significance of the inputs to the fair value measurement in its entirety: Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (ie as prices) or indirectly (ie derived from prices). Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs). Transfers between levels of the fair value hierarchy are recognised at the end of the reporting period during which the change occurred.

The carrying values of current financial instruments approximate their fair values due to the short-term maturity of these instruments and the disclosures of fair value are not made when the carrying amount of current financial instruments is a reasonable approximation of the fair value. The fair values of non-current financial instruments may not be disclosed separately unless there are significant differences at the end of the reporting year and in the event the fair values are disclosed in the relevant notes to the financial statements.

2. Significant accounting policies and other explanatory information (continued)

2B. Other explanatory information

Provisions

A liability or provision is recognised when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. A provision is made using best estimates of the amount required in settlement and where the effect of the time value of money is material, the amount recognised is the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as interest expense. Changes in estimates are reflected in profit or loss in the reporting year they occur.

Segment reporting

The Group discloses financial and descriptive information about its consolidated reportable segments. Reportable segments are operating segments or aggregations of operating segments that meet specified criteria. Operating segments are components about which separate financial information is available that is evaluated regularly by the chief operating decision maker in deciding how to allocate resources and in assessing performance. Generally, financial information is reported on the same basis as is used internally for evaluating operating segment performance and deciding how to allocate resources to operating segments.

Assets classified as held for sale

Identifiable assets and liabilities and any disposal groups are classified as held for sale if their carrying amount is to be recovered principally through a sale transaction rather than through continuing use. The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, except as permitted by the financial reporting standard on non-current assets held for sale and discontinued operations in certain circumstances. Assets that meet the criteria to be classified as held for sale are measured at the lower of carrying amount and fair value less costs of disposal and are presented separately on the face of the statement of financial position. Once an asset is classified as held for sale or included in a group of assets held for sale no further depreciation or amortisation is recorded. Impairment losses on initial classification of the balances as held for sale are included in profit or loss, even when there is a revaluation. The same applies to gains and losses on subsequent remeasurement.

2C. Critical judgements, assumptions and estimation uncertainties

The critical judgements made in the process of applying the accounting policies that have the most significant effect on the amounts recognised in the financial statements and the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting year, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities currently or within the next reporting year are discussed below. These estimates and assumptions are periodically monitored to ensure they incorporate all relevant information available at the date when financial statements are prepared. However, this does not prevent actual figures differing from estimates.

Impairment assessment of property, plant and equipment and right-of-use assets

An assessment is made for the reporting year whether there is any indication that the asset may be impaired. If any such indication exists, an estimate is made of the recoverable amount of the asset. The recoverable amounts of cash-generating units is measured based on value in use calculations. These calculations require the use of estimates. It is impracticable to disclose the extent of the possible effects. It is reasonably possible, based on existing knowledge, that outcomes within the next reporting year that are different from assumptions as disclosed in Note 12 and Note 13 could require a material adjustment to the carrying amount of the balances affected. The carrying amount of the property, plant and equipment and right-of-use assets at the end of the reporting year affected by the assumption are RMB101 million (2019: RMB102 million) and RMB60 million (2019: RMB62 million) respectively.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

2. Significant accounting policies and other explanatory information (continued)

2C. Critical judgements, assumptions and estimation uncertainties (continued)

Impairment assessment of trade receivables

Trade receivables are subject to the expected credit loss (“ECL”) model under the financial reporting standard on financial instruments. The expected lifetime losses are recognised from initial recognition of these assets. These assets are grouped based on shared credit risk characteristics and the days past due for measuring the ECL. The allowance matrix is based on its historical observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date the historical observed default rates are updated and changes in the forward-looking estimates are analysed. The loss allowance was determined accordingly. The carrying amounts might change materially within the next reporting year but these changes may not arise from assumptions or other sources of estimation uncertainty at the end of the reporting year. The carrying amount is disclosed in Note 18 to the financial statements.

Net realisable value of inventories

A review is made on inventory for excess inventory and declines in net realisable value below cost and an allowance is recorded against the inventory balance for any such declines. The review requires management to consider the future demand for the products. In any case the realisable value represents the best estimate of the recoverable amount and is based on the acceptable evidence available at the end of the reporting year and inherently involves estimates regarding the future expected realisable value. The usual considerations for determining the amount of allowance or write-down include ageing analysis, technical assessment and subsequent events. In general, such an evaluation process requires significant judgement and materially affects the carrying amount of inventories at the end of the reporting year. Possible changes in these estimates could result in revisions to the stated value of the inventories. The carrying amount of inventories at the end of the reporting year is disclosed in the Note 17 to the financial statements.

Useful lives of plant and equipment

The estimates for the useful lives and related depreciation charges for plant and equipment is based on commercial and other factors which could change significantly as a result of innovations and competitor actions in response to market conditions. The depreciation charge is increased where useful lives are less than previously estimated lives, or the carrying amounts written off or written down for technically obsolete items or assets that have been abandoned. It is impracticable to disclose the extent of the possible effects. It is reasonably possible, based on existing knowledge, that outcomes within the next reporting year that are different from assumptions could require a material adjustment to the carrying amount of the balances affected. The carrying amount of the specific asset (or class of assets) at the end of the reporting year affected by the assumption is RMB37 million (2019: RMB41 million).

3. Related party relationships and transactions

The financial reporting standard on related party disclosures requires the reporting entity to disclose: (a) transactions with its related parties; and (b) relationships between parents and subsidiaries irrespective of whether there have been transactions between those related parties. A party is related to a party if the party controls, or is controlled by, or can significantly influence or is significantly influenced by the other party.

The ultimate controlling party is Wee Henry, a controlling shareholder of the Company.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

3. Related party relationships and transactions (continued)

3A. Members of a group

Name	Relationship	Country of incorporation
Triple Vision Pte. Ltd.	Ultimate parent company	Singapore

Related companies in these financial statements include the members of the above group of companies.

3B. Related party transactions

There are transactions and arrangements between the reporting entity and related parties and the effects of these on the basis determined between the parties are reflected in these financial statements. The related party balances and transfer of resources, services or obligations if any are unsecured, without fixed repayment terms and interest or charge unless stated otherwise.

Intragroup transactions and balances that have been eliminated in these consolidated financial statements are not disclosed as related party transactions and balances below.

Significant related party transactions:

In addition to transactions and balances disclosed elsewhere in the notes to the financial statements, this item includes the following:

	Group	
	2020	2019
	RMB'000	RMB'000
Sales of goods to related parties	–	26,399
Advisory fees paid to ultimate controlling party	(411)	–
Security services paid/payable to related parties	(6,200)	(6,200)
Estate management fees paid/payable to related parties	(88)	(88)

Related parties refer to companies in which a director or his immediate family has significant or controlling interest over the entity.

3C. Key management compensation

	Group	
	2020	2019
	RMB'000	RMB'000
Salaries and other short-term employee benefits	4,257	4,754

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

3. Related party relationships and transactions (continued)

3C. Key management compensation (continued)

The above amounts are included under employee benefits expense. Included in the above amounts are following items:

	Group	
	2020	2019
	RMB'000	RMB'000
Consulting fees to director of the Company	366	120
Remuneration of directors of the Company	732	1,188
Fees to directors of the Company	944	839

Further information about the remuneration of individual directors is provided in the report on corporate governance.

Key management personnel include directors and those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly. The above amounts for key management compensation are for all the directors and other key management personnel.

3D. Other receivable from and other payables to related parties

The trade transactions and the related receivables and payables balances arising from sales and purchases of goods and services are disclosed elsewhere in the notes to the financial statements.

The movements in other receivables from and other payables to related parties are as follows:

Group	Other related parties	
	2020	2019
	RMB'000	RMB'000
<u>Other payables</u>		
At beginning of the year	(20,065)	(18,850)
Unwinding of discounts relating to related party's loan	(1,297)	(1,215)
At end of the year (Note 22)	(21,362)	(20,065)

Other related parties refer to companies in which a director or his immediate family has significant or controlling interest over the entity.

Company	Subsidiaries	
	2020	2019
	RMB'000	RMB'000
<u>Other receivables</u>		
At beginning of the year	4,738	78
Declaration of dividends	5,000	15,000
Dividend received	(8,285)	(10,340)
At end of the year (Note 18)	1,453	4,738

4. Financial information by operating segments

4A. Information about reportable segment profit or loss, assets and liabilities

Disclosure of information about operating segments, products and services, the geographical areas, and the major customers are made as required by SFRS(I) 8 Operating Segments. This disclosure standard has no impact on the reported results or financial position of the reporting entity.

For management purposes the reporting entity is organised into three major operating segments: (i) explosives devices, (ii) industrial fuse and initiating explosives devices and (iii) industrial detonators. Such a structural organisation is determined by the nature of risks and returns associated with each business segment and it defines the management structure as well as the internal reporting system. It represents the basis on which the management reports the primary segment information that is available and that is evaluated regularly by the chief operating decision maker in deciding how to allocate resources and in assessing the performance. They are managed separately because each business requires different strategies.

The segments and the types of products and services are as follows:

- (i) The explosives devices segment is a manufacturer of boosters that are used to enhance the power of the explosions and for oil and gas explorations.
- (ii) The industrial fuse and initiating explosives devices segment is a manufacturer of detonating cords and non-electric tubes.
- (iii) The industrial detonators segment is a manufacturer of non-electric detonators which are used in methane-free and mine-dust-free explosion projects, detonation projects in the mining industry, the excavation of alleys and tunnels, controlled explosions and underwater demolitions.

Inter-segment sales are measured on the basis that the entity actually used to price the transfers. Internal transfer pricing policies of the Group are as far as practicable based on market prices. The accounting policies of the operating segments are the same as those described in the summary of significant accounting policies.

The management reporting system evaluates performances based on a number of factors. However the primary profitability measurement to evaluate segment's operating results comprises two major financial indicators: (1) earnings from operations before depreciation, amortisation, interests and income taxes (called "Recurring EBITDA") and (2) operating result before interests and income taxes and other unallocated items (called "ORBIT").

The following tables illustrate the information about the reportable segment profit or loss, assets and liabilities.

NOTES TO THE FINANCIAL STATEMENTS

Expenditures for non-current assets:					
2020	4,852	20	1,645	362	6,879
2019	11,806	–	163	924	12,893

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

4. Financial information by operating segments (continued)

4F. Geographical information

The following table provides an analysis of the Group revenue by geographical market irrespective of the origin of the goods and services and non-current assets by geographical market:-

	Group	
	2020	2019
	RMB'000	RMB'000
Revenue		
Within PRC	79,140	90,943
Outside PRC:		
Sales through export distributors	3,399	19,195
Australia	30,652	43,967
Others (*)	1,735	311
Subtotal	35,786	63,473
	114,926	154,416
Non-current assets		
Within PRC	160,976	163,921
Singapore	444	–
	161,420	163,921

(*) Others include Kyrgyzstan, Mongolia, Indonesia

Revenues are attributed to countries on the basis of the customer's location. The non-current assets are analysed by the geographical area in which the assets are located. The non-current assets exclude any financial instruments and deferred tax assets.

4G. Information about major customers

Revenues from transactions with a single external customer amount to 10 per cent or more of the Group's revenue are as follows:

	Group	
	2020	2019
	RMB'000	RMB'000
<u>Explosives devices segment</u>		
Top 1 customer	16,672	27,863
Top 2 customers	–	50,178
	–	50,178

There are no customer with revenue transactions of over 10% of the Group's revenue in Industrial fuse and initiating devices and industrial detonators segments.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

5. Revenue

	Group	
	2020	2019
	RMB'000	RMB'000
Sales of goods	114,926	154,416

Revenue from sales of goods is recognised at point in time. All contracts are less than 12 months. The customers mainly engaged in mining, energy exploration, hydroelectric and infrastructure construction industries in the People's Republic of China ("PRC") and internationally.

This is consistent with the revenue information that is disclosed for each reporting segment in Note 4.

6. Interest income and (finance costs)

	Group	
	2020	2019
	RMB'000	RMB'000
Interest income from banks	275	293
Loan interest	(4,078)	(3,800)
Interest on lease liability	(29)	–
Unwinding of discounts relating to related party's loan (Note 22A)	(1,297)	(1,215)
	<u>(5,129)</u>	<u>(4,722)</u>
Presented in profit or loss as:		
Interest income	275	293
Finance costs	(5,404)	(5,015)
	<u>(5,129)</u>	<u>(4,722)</u>

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

7. Other gains and (other losses)

	Group	
	2020	2019
	RMB'000	RMB'000
Allowance for impairment on trade and other receivables	(4,207)	(4,617)
Reversal of allowance for impairment on trade receivables	6,660	1,378
Foreign exchange gains	340	448
Gain on disposal of assets held for sales	631	–
Gain on disposal of property, plant and equipment	33	77
Gain on disposal of land use rights	–	3,470
Government grant	211	667
Impairment allowance on property, plant and equipment	(1,644)	(119,021)
Inventories written-off	(102)	(253)
Inventories written down	–	(139)
Reversal of inventories written down	139	–
Property, plant and equipment written-off	–	(195)
	<u>2,061</u>	<u>(118,185)</u>
Presented in profit or loss as:		
Other gains	8,014	6,040
Other losses	(5,953)	(124,225)
	<u>2,061</u>	<u>(118,185)</u>

8. Employee benefits expense

	Group	
	2020	2019
	RMB'000	RMB'000
Employee benefits expense	29,393	32,345
Contributions to defined contribution plans	9,810	9,744
Total employee benefits expense	<u>39,203</u>	<u>42,089</u>

The employee benefit expense is charged as follows:

	Group	
	2020	2019
	RMB'000	RMB'000
Cost of sales	24,683	29,066
Distribution costs	2,864	3,172
Administrative expenses	11,656	9,851
	<u>39,203</u>	<u>42,089</u>

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

9. Income tax

9A. Components of income tax recognised in profit or loss

	Group	
	2020	2019
	RMB'000	RMB'000
<u>Current tax</u>		
Current tax expense	250	750
	<u>250</u>	<u>750</u>
<u>Deferred tax</u>		
Deferred tax expense	16,206	3,791
Over adjustments in respect of prior years	–	(1,408)
	<u>16,206</u>	<u>2,383</u>
	<u>16,456</u>	<u>3,133</u>

The income tax in profit or loss varied from the amount of income tax amount determined by applying the Singapore income tax rate of 17.0% (2019: 17.0%) to loss before tax as a result of the following differences:

	Group	
	2020	2019
	RMB'000	RMB'000
Loss before tax	<u>(20,867)</u>	<u>(147,240)</u>
Income tax at the above rate	(3,547)	(25,031)
Expenses not deductible for tax purposes	2,080	4,562
Over adjustments of deferred tax in respect of prior years	–	(1,408)
Deferred tax assets not recognised	18,941	36,028
Effect of different tax rate in foreign countries	(1,018)	(11,018)
	<u>16,456</u>	<u>3,133</u>

The prevailing statutory income tax rate in the People's Republic of China ("PRC") is 25%.

There are no income tax consequences of dividends to owners of the Company.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

9. Income tax (continued)

9B. Deferred tax expense recognised in profit or loss

	Group	
	2020	2019
	RMB'000	RMB'000
Allowance for impairment of trade and other receivables	613	1,034
Allowance for impairment of inventories	35	(35)
Impairment loss on property, plant and equipment	(411)	(28,411)
Accrual for safety expenses	10	178
Deferred tax relating to tax losses carryforwards	(3,432)	(6,361)
Unrecognised deferred tax assets	18,941	36,028
Deferred tax relating to unremitted profits of a subsidiary	450	(50)
	16,206	2,383

9C. Deferred tax balance in the statement of financial position

	Group	
	2020	2019
	RMB'000	RMB'000
<u>Deferred tax assets</u>		
Allowance for impairment of trade and other receivables	3,772	4,385
Allowance for impairment of inventories	–	35
Impairment loss on property, plant and equipment	30,166	29,755
Accrual for safety expenses	41	51
Tax loss carryforwards	20,990	17,558
Less: Unrecognised deferred tax assets	(54,969)	(36,028)
	–	15,756
<u>Deferred tax liabilities</u>		
Deferred tax relating to unremitted profits of a subsidiary	(2,625)	(2,175)
	(2,625)	(2,175)

For the Singapore companies, the realisation of the future income tax benefits from tax loss carryforwards and temporary differences from capital allowances is available for an unlimited future period subject to the conditions imposed by law including the retention of majority shareholders as defined.

For the PRC companies, the realisation of the future income tax benefits from tax loss carryforwards is available for a period of 5 years except for companies that was categorised as high-tech enterprises, the tax loss carryforwards is available for a period of 10 years, subject to the conditions impose by law.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

9. Income tax (continued)

9C. Deferred tax balance in the statement of financial position (continued)

For the China companies, the expiry dates of tax losses carryforwards are as follows:

	Group	
	2020	2019
	RMB'000	RMB'000
2026	2,944	2,944
2027	36,914	36,914
2028	10,567	10,567
2029	19,807	19,807
2030	13,729	–
	<u>83,961</u>	<u>70,232</u>

At the end of the reporting year, the aggregate amount of temporary differences associated with investments in subsidiaries for which deferred tax liabilities have not been recognised are as follows:

	Group	
	2020	2019
	RMB'000	RMB'000
Subsidiaries	<u>1,363</u>	<u>3,680</u>

10. Loss per share

The following table illustrates the numerators and denominators used to calculate basic and diluted loss per share of no par value:

	Group	
	2020	2019
A. Numerators: loss attributable to equity:		
Continuing operations: Loss attributable to equity holders (RMB'000)	<u>(37,323)</u>	<u>(150,373)</u>
B. Denominators: weighted average number of equity shares:		
Basic and diluted ('000)	<u>46,800</u>	<u>46,800</u>

The weighted average number of ordinary shares refers to shares in issue outstanding during the reporting year.

The basic amount per share ratio is based on the weighted average number of ordinary shares outstanding during each reporting year.

There is no dilution of loss per share as there are no shares under options. The denominators used are the same as those detailed above for both basic and diluted earnings per share.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

11. Items in the profit or loss

In addition to the charges and credits disclosed elsewhere in the notes to the financial statements, this item includes the following charges:

	Group	
	2020	2019
	RMB'000	RMB'000
Audit fee to auditors of the Company	407	406
Audit fee to other auditors	120	120
Non-audit fees paid to the auditors of the Company	72	492

- iii. The depreciation expense is charged as follows:

	Group	
	2020	2019
	RMB'000	RMB'000
Cost of sales	2,610	15,498
Administrative expenses	1,706	1,713
Charge against provision for safety expenses	1,460	1,590
	5,776	18,801

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

12. Property, plant and equipment (continued)

During the reporting year, the Group has made a further impairment allowance of RMB1.5 million (2019: RMB70.5 million) and RMB0.1 million (2019: RMB48.5 million) for a subsidiary's leasehold properties and plant and equipment respectively, due to the continuing losses incurred by the subsidiary and new regulatory directives issued during the year ended 31 March 2019 that could potentially lead to technology obsolescence for certain production lines.

The recoverable amount of property, plant and equipment has been determined on the basis of their value in use using discounted cash flow method. The key assumptions for the discounted cash flow method are those regarding the discount rates, growth rates and budgeted gross margin and revenue during the period. The Group estimates discount rates using pre-tax rates that reflect current market assessments of the time value of money and risks specific to the CGUs. The growth rates are based on long-term average economic growth rate of the geographical area in which the businesses operate. Budgeted gross margin and turnover are based on past practices and expectations on market development.

The Group prepares cash flow forecasts derived from the most recent financial budgets approved by the directors for the next five years with the residual period using the terminal growth rate of 2% (2019: 1%). This rate does not exceed the average long-term growth rate for the relevant terminal markets. The rate used to discount the forecast cash flows from the Group's trading activities is 12.5% (2019: 12.5%).

The value-in-use is a recurring fair value measurement (Level 3). The quantitative information about the value-in-use measurement using significant unobservable inputs for the CGUs are consistent with those used for the measurement last performed. Actual outcomes could vary from these estimates. If the revised discount rate is higher by one percentage point, there would be a need to reduce the carrying amount of property, plant and equipment by RMB7.3 million.

13. Right-of-use assets

The right-of-use assets in the statements of financial position are as follows:

Group	Land use rights RMB'000	Office space RMB'000	Total RMB'000
<u>Cost</u>			
Adoption of SFRS(I)16 (Note 28)	79,701	647	80,348

13. Right-of-use assets (continued)

The land use rights are amortised over the period of the lease term on the straight line method and the details of these land use rights are as follows: (continued)

Address	Land area (Sq m)	Date of grant	Lease expiry date
Changsheng Village, Feicheng Town, Fei County, Linyi City	14,981	5 June 2012	25 February 2037
Changsheng Village, Feicheng Town, Fei County, Linyi City*	10,844	15 July 2014	8 May 2064
LeHe, Zhutian Town, Fei County, Linyi City*	27,306	15 July 2014	8 May 2064
Beitian Jinwangshu, Hetouwan Village, Dasai Village, Mazhuang Town, Fei County, Linyi City	19,966	10 October 2019	9 October 2067
Hetouwan Village, Dasai Village, Mazhuang Town, Fei County, Linyi City	18,295	10 October 2019	9 October 2067

* These land use rights with carrying value of RMB26.2 million (2019: RMB20.2 million) were pledged for banking facilities (see Note 23).

The amortisation expense is charged to administrative expenses.

For lease of office space, there are restrictions or covenants imposed by the leases to sublet the asset to another party. The right-of-use asset can only be used by the lessee. Typically the leases are either non-cancellable or may only be cancelled by incurring a substantive termination fee. The lease contract is for a period of 3 years with an extension option. Lease terms contain a wide range of different terms and conditions. The lease agreements do not impose any covenants, but leased assets may not be used as security for borrowing purposes.

Management has elected to measure right-of-use asset at the amount of the lease liability on adoption (adjusted for any lease prepayments or accrued lease expenses) using modified retrospective transition approach with the difference, if any, between the right-of-use asset and the lease liability taken to retained earnings as disclosed in Note 28.

Shandong Yinguang Safety Advisory Co., Ltd # (山东银光安全咨询有限公司) People's Republic of China Provision of safety advisory services	–	–	100	–

During the reporting year, the Group had incorporated a new wholly-owned subsidiary, Shandong Yinguang Safety Advisory Co., Ltd (山东银光安全咨询有限公司) with a registered capital of RMB3,000,000, to provide safety advisory services to other corporations. No capital has been injected as at 31 March 2020.

For the purpose of preparing the Group's financial statements, these financial statements as at reporting year end were audited by Zhongxinghua Certified Public Accountant LLP, a member of the Chinese Institute of Certified Public Accountants and an approved firm by the China Securities Regulatory Commission. As is required by Rule 716 of the Listing Manual of The Singapore Exchange Securities Trading Limited the audit committee and the board of directors of the Company have satisfied themselves that the appointment of different auditors for its overseas subsidiaries would not compromise the standard and effectiveness of the audit of the Group.

16. Assets held for sale

On 29 July 2019, YG Tech has signed an agreement to dispose of a piece of land located at Zhutian Town, Fei County, Linyi City together with its associate construction-in-progress and plant and equipment for a cash consideration of RMB3.68 million.

At end of the previous reporting year, the sale transaction has not complete as the title of land use right has yet to be transferred to the buyer and no payment has been received from the buyer in accordance with the sales agreement. Accordingly, management has reclassified the net book value of the land use rights and its associate construction-in-progress and plant and equipment to assets held for sales. This transaction was completed during the reporting year.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

At beginning of the year	(1,010)	–
Charge to profit or loss included in other losses	(378)	(1,010)
At end of the year	(1,388)	(1,010)

18A. Trade receivables

Trade receivables are subject to the expected credit loss (“ECL”) model under the financial reporting standard on financial instruments. The methodology applied for impairment loss is the simplified approach to measuring ECL which uses a lifetime expected loss allowance for all trade receivables. The expected lifetime losses are recognised from initial recognition of these assets. These assets are grouped based on shared credit risk characteristics and the days past due for measuring the expected credit losses. The allowance matrix is based on its historical observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates.

Trade receivables are written-off when there are indications that there is no reasonable expectation of recovery or the failure of a debtor to make contractual payments over an extended period.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

18. Trade and other receivables (continued)

18A. Trade receivables (continued)

At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed. The loss allowance was determined as follows:

Group	Gross amount *		Weighted ECL rate		Loss allowance	
	2020	2019	2020	2019	2020	2019
	RMB'000	RMB'000	%	%	RMB'000	RMB'000
Current	19,064	21,178	2.01	1.36	383	288
Past due:						
1 – 90 days	3,670	4,959	28.61	19.62	1,050	973
91 – 180 days	2,167	3,570	42.78	28.52	927	1,018
181 days – 270 days	934	4,073	76.45	54.63	714	2,225
Over 270 days	171	2,611	100.00	100.00	171	2,611
	<u>26,006</u>	<u>36,391</u>			<u>3,245</u>	<u>7,115</u>

* Exclude receivables that have been individually credit impaired.

At each subsequent reporting date, an evaluation is made as to whether there is significant change in credit risk by comparing the debtor's credit risk at initial recognition (based on the original, unmodified cash flows) with the credit risk at reporting date (based on modified cash flows). Adjustment to loss allowance is made for any increase or decrease in credit risk.

As part of the process of setting customer credit limits, different credit terms are used. The average credit period generally granted to customers is about 90 days (2019: 90 days). However, certain customers may take a longer period to settle the amounts.

Concentration of trade receivable customers at end of reporting year is as follows:

Group	2020	2019
	RMB'000	RMB'000
Top 1 customer	8,510	7,887
Top 2 customers	10,633	12,625
Top 3 customers	<u>12,231</u>	<u>16,095</u>

18B. Other receivables

Other receivables at amortised cost set out above are subject to the ECL model under the financial reporting standard on financial instruments. Other receivables at amortised cost and which can be graded as low risk individually are considered to have low credit risk. At the end of the first reporting period a loss allowance is recognised at an amount equal to 12-month ECL because there has not been a significant increase in credit risk since initial recognition.

At each subsequent reporting date, an evaluation is made as to whether there is significant change in credit risk by comparing the debtor's credit risk at initial recognition (based on the original, unmodified cash flows) with the credit risk at reporting date (based on modified cash flows). Adjustment to loss allowance is made for any increase or decrease in credit risk. As there is a significant increase in credit risk, a further loss allowance of RMB0.4 million (2019: RMB1.0 million) is recognised based on lifetime expected credit risk losses of the receivables.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

19. Cash and cash equivalents

	Group		Company

#1 Unwinding of discounts on interest-free loan.

#2 Accretion of interests and foreign exchange adjustments arising from the translation of the Company's financial statements to presentation currency in RMB.

20. Share capital

	Group and Company		
	Number of shares issued	Share capital	Issued share capital
		S\$	RMB Equivalent
<u>Ordinary shares of no par value:</u>			
Balance at beginning of the year and end of reporting year 2019 and 2020	46,800,000	23,458,985	116,848,607

The ordinary shares of no par value carry no right to fixed income and are fully paid and with one vote per share. The Company is not subject to any externally imposed capital requirements except the only externally imposed capital requirement is that for the Group to maintain its listing on the Singapore Exchange Securities Trading Limited it has to have share capital of at least a free float of at least 10% of the shares. The Company met the capital requirement on its initial listing and the rules limiting treasury share purchases mean it will automatically continue to satisfy that requirement, as it did throughout the year. Management receives a report from the registrars frequently on substantial share interests showing the non-free float and it demonstrated continuing compliance with the 10% limit throughout the year.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

20. Share capital (continued)

Capital management

The objectives when managing capital are: to safeguard the reporting entity's ability to continue as a going concern, so that it can continue to provide returns for owners and benefits for other stakeholders, and to provide an adequate return to owners by pricing the sales commensurately with the level of risk. The management sets the amount of capital to meet its requirements and the risk taken. There were no changes in the approach to capital management during the reporting year. The management manages the capital structure and makes adjustments to it where necessary or possible in the light of changes in conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the management may adjust the amount of dividends paid to owners, return capital to owners, issue new shares, or sell assets to reduce debt. Adjusted capital comprises all components of equity (that is, share capital and reserves).

The Group has significant borrowings but the borrowings are less than the cash available. The debt-to-adjusted capital ratio therefore does not provide a meaningful indicator of the risk of borrowings.

21. Other reserves

	Group		Company	
	2020	2019	2020	2019
	RMB'000	RMB'000	RMB'000	RMB'000
Statutory reserve	44,117	44,117	–	–
Foreign currency translation reserve	858	871	(48)	(664)
Capital reserve	44,000	44,000	–	–
	88,975	88,988	(48)	(664)

All reserves classified on the face of the statement of financial position as retained earnings represents past accumulated earnings and are distributable as cash dividends. The other reserves are not available for cash dividends unless realised.

Movement of the reserves are presented in the statement of changes in equity.

Statutory reserve

Under the PRC regulations, the subsidiary is required to set up a statutory reserve which represents a non-distributable reserve made at a rate of 10% of net profit after tax. Contribution to this reserve is no longer mandatory when the reserve reaches 50% of the registered share capital. The reserve is to be used in accordance to the circumstances as stipulated in the relevant regulations.

Foreign currency translation reserve

The foreign currency translation reserve accumulates all foreign exchange difference arising from the translation of the Company's financial statements to presentation currency in RMB.

Capital reserve

Capital reserve arises from the capitalisation of subsidiary's statutory reserve and retained earnings in prior years.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

22. Trade and other payables

	Group		Company

Presented in statements of financial position:		
Non-current	11,560	19,508
Current	9,245	–
	20,805	19,508

Related party's loan was obtained in prior years to finance the acquisition of leasehold properties. The loan is unsecured, interest-free and repayable in 2021 and 2022. The amount is stated at amortised cost at 6.65% (2019: 6.65%) per annum based on estimated current lending rate (Level 3). Significant increase or (decrease) in the interest rate in isolation would result in lower or (higher) fair value measurement.

<u>Movements of lease liabilities</u>		
At beginning of the year	–	–
Adoption of SFRS(I) 16 (Note 28)	647	–
Adjusted balance at beginning of the year	647	–
Accretion of interest	29	–
Lease payments	(220)	–
Foreign exchange adjustments	2	–
At end of the year	<u>458</u>	<u>–</u>

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

24. Lease liabilities (continued)

SFRS(I) 16 *Leases* has been applied using the modified retrospective transition approach. Therefore no comparative amounts for the year ended 31 March 2019 are presented.

The lease liability above does not include the short-term leases of less than 12 months and leases of low-value underlying assets. Variable lease payments which do not depend on an index or a rate or based on a percentage of revenue are not included from the initial measurement of the lease liability and the right-of-use assets. The right-of-use assets are disclosed in Note 13.

On transition to the new standard on leases the incremental borrowing rate applied to lease liabilities recognised was 5.25% per annum.

Reconciliation of lease commitments and lease liability at the date of initial application:

	Group and Company 2019 RMB'000
Operating lease commitments as at 31 March 2019	63
Reasonably certain extension options	636
Operating lease liabilities before discounting	699
Discounted using incremental borrowing rate	(52)
Total lease liabilities recognised at 1 April 2019	<u>647</u>

A summary of the maturity analysis of lease liabilities is disclosed in Note 27E.

Total cash outflows for leases for the year ended 31 March 2020 are shown in the statement of cash flows.

Subsequent to initial measurement, the liability will be reduced for payments made and increased for interest. It is re-measured to reflect any reassessment or modification, or if there are changes to in-substance fixed payments. When the lease liability is re-measured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero.

There were no future cash outflows to which the lessee is potentially exposed that are not reflected in the measurement of lease liabilities above.

25. Other liabilities

Provision for safety expenses (Note 25A)	185	205	–	–
Deferred revenue	204	–	204	–
	<u>11,438</u>	<u>4,372</u>	<u>204</u>	<u>–</u>

Deferred revenue pertaining to job support scheme that was announced at Resilience Budget on 26 March 2020.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

25. Other liabilities (continued)

25A. Provision for safety expenses

Provision for safety expenses are made in accordance with the safety regulation of People's Republic of China.

Movement in the provision for safety expenses

	Group	
	2020	2019
	RMB'000	RMB'000
At beginning of the year	205	916
Provision for the year	2,274	2,471
Utilisation during the year	(2,294)	(3,182)
At end of the year	185	205

26. Capital commitments

Estimated amounts committed at the end of the reporting year for future capital expenditure but not recognised in the financial statements are as follows:

	Group	
	2020	2019
	RMB'000	RMB'000
Commitments to purchase of property, plant and equipment	15,313	15,548
Commitment to take up shares in Shandong Yinguang Safety Advisory Co., Ltd through YG Tech	3,000	–

27. Financial instruments: information on financial risks

27A. Categories of financial assets and liabilities

The following table categorises the carrying amount of financial assets and liabilities recorded at the end of the reporting year.

	Group		Company	
	2020	2019	2020	2019
	RMB'000	RMB'000	RMB'000	RMB'000
<u>Financial assets:</u>				
Financial assets at amortised cost	100,759	114,225	2,277	5,542
<u>Financial liabilities:</u>				
Financial liabilities at amortised cost	142,546	133,961	3,364	2,966

Further quantitative disclosures are included throughout these financial statements.

27. Financial instruments: information on financial risks (continued)

27B. Financial risk management

The main purpose for holding or issuing financial instruments is to raise and manage the finances for the entity's operating, investing and financing activities. There are exposures to the financial risks on the financial instruments such as credit risk, liquidity risk and market risk comprising interest rate, currency risk and price risk exposures. Management has certain practices for the management of financial risks. The guidelines set up the short and long term objectives and action to be taken in order to manage the financial risks. The guidelines include the following:

1. Minimise interest rate, currency, credit and market risk for all kinds of transactions.
2. Maximise the use of "natural hedge": favouring as much as possible the natural off-setting of sales and costs and payables and receivables denominated in the same currency and therefore put in place hedging strategies only for the excess balance (if necessary). The same strategy is pursued with regard to interest rate risk.
3. All financial risk management activities are carried out and monitored by senior management staff.
4. All financial risk management activities are carried out following acceptable market practices.
5. When appropriate consideration is given to entering into derivatives or any other similar instruments solely for hedging purposes.

There have been no changes to the exposures to risk; the objectives, policies and processes for managing the risk and the methods used to measure the risk.

27C. Fair values of financial instruments

The analyses of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 are disclosed in the relevant notes to the financial statements. These include the significant financial instruments stated at amortised cost and at fair value in the statement of financial position. The carrying values of current financial instruments approximate their fair values due to the short-term maturity of these instruments and the disclosures of fair value are not made when the carrying amount of current financial instruments is a reasonable approximation of the fair value.

27D. Credit risk on financial assets

Financial assets that are potentially subject to concentrations of credit risk and failures by counterparties to discharge their obligations in full or in a timely manner. These arise principally from cash balances with banks, cash equivalents, receivables and other financial assets. The maximum exposure to credit risk is the total of the fair value of the financial assets at the end of the reporting year. Credit risk on cash balances with banks and any other financial instruments is limited because the counter-parties are entities with acceptable credit ratings. For expected credit losses ("ECL") on financial assets, the three-stage approach in the financial reporting standard on financial instruments is used to measure the impairment allowance. Under this approach the financial assets move through the three stages as their credit quality changes. However, a simplified approach is permitted by the financial reporting standards on financial instruments for financial assets that do not have a significant financing component, such as trade receivables. On initial recognition, a day-1 loss is recorded equal to the 12 month ECL (or lifetime ECL for trade receivables), unless the assets are considered credit impaired. For credit risk on trade receivables an ongoing credit evaluation is performed on the financial condition of the debtors and an impairment loss is recognised in profit or loss. Reviews and assessments of credit exposures in excess of designated limits are made. Renewals and reviews of credits limits are subject to the same review process.

Note 19 discloses the maturity of the cash and cash equivalents balances. Cash and cash equivalents are also subject to the impairment requirements of the standard on financial instruments. There was no identified impairment loss.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

27. Financial instruments: information on financial risks (continued)

27E. Liquidity risk – financial liabilities maturity analysis

The liquidity risk refers to the difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. It is expected that all the liabilities will be settled at their contractual maturity. The average credit period taken to settle trade payables is about 180 days (2019: 180 days). The classification of the financial assets is shown in the statement of financial position as they may be available to meet liquidity needs and no further analysis is deemed necessary.

The following table analyses the non-derivate financial liabilities by remaining contractual maturity (contractual and undiscounted cash flows).

Group	Less than 1	1 – 3	Total
	year	years	
	RMB'000	RMB'000	RMB'000
<u>2020</u>			
Lease liabilities	223	260	483
Other financial liabilities	58,993	–	58,993
Trade and other payables	73,143	13,150	86,293
At end of the year	132,359	13,410	145,769
<u>2019</u>			
Gross borrowings commitments	58,749	–	58,749
Trade and other payables	56,453	23,010	79,463
At end of the year	115,202	23,010	138,212
Company	Less than 1	1 – 3	Total
	year	years	
	RMB'000	RMB'000	RMB'000
<u>2020:</u>			
Lease liabilities	223	260	483
Trade and other payables	2,906	–	2,906
At end of the year	3,129	260	3,389
<u>2019:</u>			
Trade and other payables	2,966	–	2,966
At end of the year	2,966	–	2,966

The undiscounted amounts on the bank borrowings with fixed interest rates are determined by reference to the conditions existing at the reporting date.

The above amounts disclosed in the maturity analysis are the contractual undiscounted cash flows and such undiscounted cash flows differ from the amount included in the statement of financial position. When the counterparty has a choice of when an amount is paid, the liability is included on the basis of the earliest date on which it can be required to pay.

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

27. Financial instruments: information on financial risks (continued)

27F. Interest rate risk

The interest rate risk exposure is from changes in interest rates and it mainly concerns financial liabilities. The interest from financial assets including cash balances is not significant. The following table analyses the breakdown of the significant financial instruments by type of interest rates:

	Group	
	2020	2019
	RMB'000	RMB'000
<u>Financial liabilities:</u>		
Fixed rates	58,000	58,000
At end of the year	58,000	58,000

Sensitivity analysis: The effect on pre-tax loss is not significant.

27G. Foreign currency risks

Analysis of amount denominated in non-functional currency:

	Chinese RMB	
Company	2020	2019
	RMB'000	RMB'000
<u>Financial assets:</u>		
Trade and other receivables	1,662	4,738
	1,662	4,738

There is exposure to foreign currency risk as part of its normal business.

Sensitivity analysis: The effect on pre-tax loss is not significant.

28. Changes and adoption of financial reporting standards

For the current reporting year new or revised SFRS(I)s were issued by the Singapore Accounting Standards Council. Those applicable to the reporting entity are listed below.

SFRS(I) No.	Title
SFRS(I) 16	Leases (and Leases – Illustrative Examples & Amendments to Guidance on Other Standards)
Various	Annual Improvements (2017) – Amendments to SFRS(I) 1-12 Income Taxes Annual Improvements (2017) – Amendments to SFRS(I) 1-23: Borrowing Costs Annual Improvements (2017) – Amendments to SFRS(I) 3: Business Combinations

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

28. Changes and adoption of financial reporting standards (continued)

Above applicable new or revised standards did not require any significant modification of the measurement methods or the presentation in the financial statements except for:

SFRS(I) 16 Leases

SFRS(I) 16 *Leases* is effective for annual periods beginning on or after 1 April 2019 and it supersedes the previous reporting standard and the related interpretations on leases. For the lessee almost all leases are brought onto the statements of financial position under a single model (except leases of less than 12 months and leases of low-value assets), eliminating the distinction between operating and finance leases. Thus, the Group has recognised a right-of-use asset and a corresponding liability in respect of all these leases (unless they qualify for low value or short-term leases) which might have a material impact on the amounts recognised in the financial statements. The amount by which each financial statement line item is impacted (debits / (credits)) in the current reporting year by the application of the new standard on leases are disclosed in the relevant notes to the financial statements.

The Group elected to apply the modified retrospective approach for this new standard on leases. Under the modified retrospective approach the comparative information is not restated and therefore there is no presentation of a third column for the statement of financial position. Any cumulative effect of initially applying this standard as an adjustment to the opening balance of retained earnings at the date of initial application.

The impact of adoption on date of initial application are as follows:

	Adjusted balance at 1 April 2019	As reported at 31 March 2019	Difference
	RMB'000	RMB'000	RMB'000
<u>Group</u>			
Right-of-use asset	62,888	–	62,888
Other assets	–	62,241	(62,241)
Lease liabilities	(647)	–	(647)
<u>Company</u>			
Right-of-use asset	647	–	647
Lease liabilities	(647)	–	(647)

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 March 2020

29. New or amended standards in issue but not yet effective

For the future reporting years certain new or revised SFRS(I)s were issued by the Singapore Accounting Standards Council and these will only be effective for future reporting years. Those applicable to the reporting entity for future reporting years are listed below.

SFRS(I) No.	Title	Effective date for periods beginning on or after
SFRS(I) 3	Amendments to SFRS(I) 3: Definition of a Business	1 January 2020
SFRS(I) 1-1 and 1-8	Amendments to SFRS(I) 1-1 and SFRS(I) 1-8: Definition of Material	1 January 2020
SFRS(I) 9, SFRS(I) 1-39, And SFRS(I) 7	Amendments to SFRS(I) 9, SFRS(I) 1-39 and SFRS(I) 7: Interest Rate Benchmark Reform	1 January 2020
Various	Amendments to References to the Conceptual Framework in SFRS(I) Standards	1 January 2020
	Amendments to illustrative examples, implementation guidance and SFRS(I) practice statements	1 January 2020
SFRS(I) 16	Amendment to SFRS(I)16: Covid-19-Related Rent Concessions	1 June 2020
SFRS(I) 3	Amendments to SFRS(I) 3: Reference to the Conceptual Framework	1 January 2022
SFRS(I) 1-16	Amendments to SFRS(I) 1-16: Property, Plant and Equipment—Proceeds before Intended Use	1 January 2022
SFRS(I) 1-37	Amendments to SFRS(I) 1-37: Onerous Contracts— Cost of Fulfilling a Contract	1 January 2022
Various	Annual Improvements (2018-2020) – SFRS(I) 9 Financial Instruments	1 January 2022
	Annual Improvements (2018-2020) – Amendment to Illustrative Examples Accompanying SFRS(I) 16 Leases	1 January 2022
SFRS(I) 1-1	Amendments to SFRS(I)1-1: Classification of Liabilities as Current or Non-current	1 January 2023
SFRS(I) 10 and SFRS(I) 1-28	Amendments to SFRS(I) 10 and SFRS(I) 1-28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	To be determined

The adoption of above new or revised SFRS(I)s from the effective dates is not expected to result in any significant modification of the measurement methods or the presentation in the financial statements.

FREE FLOAT

As at 17 August 2020, approximately 15.27% of the issued ordinary shares of the Company was held in the hands of the public (on the basis of information available to the Company).

Accordingly, the Company had complied with Rule 723 of the Listing Manual of the Singapore Exchange Securities Trading Limited.

NOTICE OF ANNUAL GENERAL MEETING

NOTICE IS HEREBY GIVEN THAT the Annual General Meeting (“AGM”) of FABCHEM CHINA LIMITED will be held by way of electronics means on Monday, 28 September 2020 at 9.30 a.m. to transact the following businesses:-

AS ORDINARY BUSINESS

1. To receive and adopt the Audited Financial Statements of the Company for the financial year ended 31 March 2020 together with the Directors’ Statement and Auditors’ Report thereon. **Resolution 1**
2. To approve the payment of Directors’ Fees of S\$184,800 for the financial year ended 31 March 2020 (2019: S\$169,167). **Resolution 2**
3. To re-elect Mr Bao Hongwei who is retiring under Article 107 of the Company’s Constitution. **Resolution 3**
(See Explanatory Note 1)
4. To re-elect Prof. Jiang Rongguang who is retiring under Article 107 of the Company’s Constitution. **Resolution 4**
(See Explanatory Note 2)
5. To approve the appointment of Prof. Jiang Rongguang as an Independent Director in anticipation of Rule 210(5) (d)(iii) of the Listing Manual (“Listing Manual”) of the Singapore Exchange Securities Trading Limited (“SGX-ST”) that will take effect on 1 January 2022. **Resolution 5**
(See Explanatory Note 3)
6. To re-appoint Messrs RSM Chio Lim LLP, as auditors of the Company and to authorise the Directors to fix their remuneration. **Resolution 6**
7. To transact any other ordinary business which may be properly transacted at an AGM.

AS SPECIAL BUSINESS

To consider and, if thought fit, to pass the following resolution (with or without amendments) as an Ordinary Resolution: -

8. AUTHORITY TO ALLOT AND ISSUE SHARES **Resolution 7**

“THAT pursuant to Section 161 of the Companies Act, Cap. 50 (the “Companies Act”) and Rule 806 of the Listing Manual (“Listing Manual”) of the Singapore Exchange Securities Trading Limited (“SGX-ST”), the Directors be empowered to allot and issue shares and convertible securities in the capital of the Company (whether by way of rights, bonus or otherwise) at any time and upon such terms and conditions and for such purposes as the Directors may, in their absolute discretion, deem fit,

PROVIDED ALWAYS THAT the aggregate number of shares and convertible securities to be issued pursuant to this resolution shall not exceed fifty percent (50%) of the total number of issued shares excluding treasury shares, of which the aggregate number of shares and convertible securities issued other than on a pro rata basis to existing shareholders must be not more than twenty percent (20%) of the total number of issued shares excluding treasury shares, and that such authority shall continue in force until the conclusion of the next Annual General Meeting or the expiration of the period within which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier, unless the authority is previously revoked or varied at a general meeting. For the purpose of Rule 806(2), the total number of issued shares excluding treasury shares is based on the Company’s total number of issued shares excluding treasury shares at the time of passing of this resolution approving the mandate after adjusting for: -

NOTICE OF ANNUAL GENERAL MEETING

- (a) new shares arising from the conversion or exercise of convertible securities;
- (b) new shares arising from exercising share options or vesting of share awards outstanding or subsisting at the time of the passing of the resolution approving the mandate, provided the options or awards were granted in compliance with Part VIII of Chapter 8; and
- (c) any subsequent bonus issue, consolidation or subdivision of shares.

Any adjustments made in accordance with subparagraphs (a) and (b) above shall only be made in respect of new shares arising from convertible securities and Instruments which were issued and outstanding and/or subsisting at the time of the passing of this Resolution 7.

(See Explanatory Note 4)

9. PROPOSED RENEWAL OF THE SHAREHOLDERS' MANDATE FOR INTERESTED PERSON TRANSACTIONS WITH YINGUANG SECURITY AND WULIAN HANYUE

Resolution 8

“THAT:-

- (a) approval be and is hereby given, for the purposes of Chapter 9 of the Listing Manual of the SGX-ST, for the Company, its subsidiaries and associated companies or any of them to enter into any of the transactions falling within the types of the Interested Person Transactions, particulars of which are set out in the Appendix to this Notice of Annual General Meeting, with any party who is of the class of Interested Persons described in the Appendix to this Notice of Annual General Meeting, provided that such transactions are in accordance with the review procedures for Interested Person Transactions as set out in the Appendix to this Notice of Annual General Meeting (“Yinguang Security and Wulian Hanyue IPT Mandate”);
- (b) the approval given in respect of the Yinguang Security and Wulian Hanyue IPT Mandate set out in sub-paragraph (a) above shall unless revoked or varied by the Company in a general meeting continue in force until the next Annual General Meeting of the Company;
- (c) the Audit Committee of the Company be and is hereby authorised to take such action as it deems proper in respect of procedures and/or to modify or implement such procedures as may be necessary to take into consideration any amendments to Chapter 9 of the Listing Manual which may be prescribed by the SGX-ST from time to time; and
- (d) the Directors of the Company be and is hereby authorised, jointly or severally, to take such steps and exercise such discretion as the Directors of the Company may in their absolute discretion deem fit, advisable or necessary or in the interest of the Company to give effect to the Yinguang Security and Wulian Hanyue IPT Mandate and/or this Resolution.”

(See Explanatory Note 5)

BY ORDER OF THE BOARD

Nor Hafiza Alwi
Company Secretary
11 September 2020, Singapore

NOTICE OF ANNUAL GENERAL MEETING

Explanatory Note: -

- (1) Ordinary Resolution 3 - Mr Bao Hongwei will, upon re-election as a Director of the Company, remain as the Managing Director of the Company. Detailed information on Mr Bao Hongwei can be found in the Annual Report 2020. There are no relationships (including immediate family relationships) between Mr Bao Hongwei and the other Directors of the Company, the Company, its related corporations, its substantial shareholders or its officers.
- (2) Ordinary Resolution 4 - Prof. Jiang Rongguang will, upon re-election as a Director of the Company, remain as an Independent Director of the Company and a member of the Audit, Nominating and Remuneration Committees. Prof. Jiang Rongguang is considered by the Board of Directors of the Company to be independent for the purposes of Rule 704(8) of the Listing Manual of the SGX-ST. Detailed information on Prof. Jiang Rongguang can be found in the Annual Report 2020. There are no relationships (including immediate family relationships) between Prof. Jiang Rongguang and the other Directors of the Company, the Company, its related corporations, its substantial shareholders or its officers, which may affect his independence.
- (3) Ordinary Resolution 5 - Notwithstanding that Rule 210(5)(d)(iii) of the Listing Manual of the SGX-ST has yet to take effect, Prof. Jiang Rongguang, who has been a Director for an aggregate period of more than 9 years will, subject to the passing of Resolution 4, upon the passing of this resolution, continue to serve as an Independent Director, until the earlier of his retirement or resignation, or the conclusion of the third AGM following the passing of this resolution. For the purpose of this resolution, the directors and chief executive officer of the Company, and their respective associates are not allowed to vote.
- (4) Resolution No. 7 above, if passed, will empower the Directors of the Company to issue shares and convertible securities in the Company up to a maximum of fifty percent (50%) of the issued share capital of the Company (of which the aggregate number of shares and convertible securities to be issued other than on a pro rata basis to existing shareholders shall not exceed twenty percent (20%) of the issued share capital of the Company) for such purposes as they consider would be in the interests of the Company. This authority will continue in force until the next Annual General Meeting of the Company or the expiration of the period within which the next Annual General Meeting is required by law to be held, whichever is the earlier, unless the authority is previously revoked or varied at a general meeting.
- (5) Resolution No. 8 above, if passed, will renew, effective until the conclusion of the next Annual General Meeting, the Yinguang Security and Wulian Hanyue IPT Mandate to enable the Company, its subsidiaries and associated companies which are considered "entities at risk" to enter in the ordinary course of business into certain types of interested person transactions with specific classes of the Company's interested persons. Particulars of the Yinguang Security and Wulian Hanyue IPT Mandate are set out in the Appendix to this Notice of Annual General Meeting which is enclosed with the Company's Annual Report 2020.

Notes:

1. The AGM will be convened and held, by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. Printed copies of this notice of AGM (the "Notice") and the Company's annual report ("AR") will not be sent to members. Instead, this Notice and AR will be sent to members by electronic means via publication on the Company's website at the URL <https://www.fabchemchina.com> and made available on the SGXNet at the URL <https://www.sgx.com/securities/company-announcements>.
2. Alternative arrangements relating to, among others, attendance, submission of questions in advance and/or voting by proxy at the AGM of the Company to be held on Monday, 28 September 2020 at 9.30 a.m. are set out in the Company's announcement dated 11 September 2020 (the "Announcement"), which has been uploaded together with this Notice of AGM on SGXNet at the URL <https://www.sgx.com/securities/company-announcements> on the same day. The Announcement may also be accessed at the URL <https://www.fabchemchina.com>. For the avoidance of doubt, the Announcement is circulated together with and forms part of this Notice of AGM.

In particular, the AGM will be held by way of electronic means and a member of the Company will be able to observe the proceedings of the AGM through a "live" webcast ("**LIVE WEBCAST**") via his/her/its mobile phones, tablets or computers or listen to these proceedings through a "live" audio feed ("**AUDIO ONLY MEANS**") via telephone. In order to do so, a member of the Company who wishes to watch the LIVE WEBCAST or listen via the AUDIO ONLY MEANS must register by 9.30 a.m. on 23 September 2020, at the URL <https://globalmeeting.bigbangdesign.co/fabchemchina/>. Following authentication of his/her/its status as members of the Company, authenticated members of the Company will receive email instructions on how to access the LIVE WEBCAST and AUDIO ONLY MEANS to observe the proceedings of the AGM by 9.30 a.m. on 27 September 2020.

A member of the Company who registers to watch the LIVE WEBCAST or listen via the AUDIO ONLY MEANS may also submit questions related to the resolutions to be tabled for approval at the AGM. To do so, all questions must be submitted by 9.30 a.m. on 23 September 2020 via the following:

- (a) pre-registration link at URL <https://globalmeeting.bigbangdesign.co/fabchemchina/>; or
- (b) email to: wkwkek@fabchemchina.com; or
- (c) post to the registered office at 8 Robinson Road #03-00 ASO Building, Singapore 048544

The Company will endeavor to address all substantial and relevant questions received from members prior to the AGM and publish its response on the SGXNet at the URL <https://www.sgx.com/securities/company-announcements> and at the Company's website at the URL <https://www.fabchemchina.com>. Where substantial and relevant questions are unable to be answered prior to the AGM, the Company will address them at the AGM.

3. Due to the current COVID-19 restriction orders in Singapore, a member of the Company will not be able to attend the AGM in person. If a member of the Company (whether individual or corporate) wishes to exercise his/her/its voting rights at the AGM, he/she/it must appoint the Chairman of the Meeting as his/her/its proxy to attend, speak and vote on his/her/its behalf at the AGM. In appointing the Chairman of the Meeting as proxy, a member of the Company (whether individual or corporate) must give specific instructions as to voting, or abstentions from voting, in the form of proxy, failing which the appointment will be treated as invalid.

NOTICE OF ANNUAL GENERAL MEETING

4. The Chairman of the Meeting, as proxy, need not be a member of the Company.
5. The instrument appointing the Chairman of the Meeting as proxy, together with the power of attorney or other authority under which it is signed (if applicable) or a notarial certified copy thereof, must:
 - (a) if sent personally or by post, to the registered office of the Company at 8 Robinson Road #03-00 ASO Building, Singapore 048544; or
 - (b) if submitted by email, be received by the Company at wkwk@fabchemchina.com,in either case, by 9.30 a.m. on 26 September 2020 being not less than forty-eight (48) hours before the time appointed for holding the AGM (or at any adjournment thereof) and in default the instrument of proxy shall not be treated as valid.

In view of the current COVID-19 situation and the related safe distancing measures which may make it difficult for members of the Company to submit completed proxy forms by post, members of the Company are strongly encouraged to submit completed proxy forms electronically via email.
6. The instrument appointing the Chairman of the Meeting as proxy must be under the hand of the appointor or on his/her attorney duly authorized in writing. Where the instrument appointing the Chairman of the Meeting as proxy is executed by a corporation, it must be executed either under its common seal or under the hand of its attorney or duly authorised officer, failing which the instrument of proxy may be treated as invalid.
7. For investors who hold shares through relevant intermediaries, including CPF and SRS investors, who wish to appoint the Chairman of the Meeting as proxy should approach their respective CPF Agent Banks or SRS Operators to submit their votes, at least seven (7) working days before the time appointed for the holding of the AGM (ie. by 9.30 a.m. on 16 September 2020). CPF investors and/or SRS investors are requested to contact their respective CPF and/or SRS Operators for any queries they may have with regard to the appointment of the Chairman of the Meeting as proxy for the AGM.

Personal data privacy:

By submitting (a) a proxy form appointing the Chairman of the Meeting as proxy to vote at the AGM and/or any adjournment thereof, or (b) member particulars for pre-registration to participate in the AGM via LIVE WEBCAST or AUDIO ONLY MEANS, or (c) submitting any question prior to the AGM in accordance with this Notice of AGM or the Announcement, a member consents to the collection, use and disclosure of the member's personal data by the Company (or its agents, advisers or service providers, as the case may be) for the following purposes:

- (i) processing and administration by the Company (or its agents, advisers or service providers) of proxy forms appointing the Chairman of the AGM as proxy for the AGM (including any adjournment thereof) and the preparation and compilation of the attendance lists, proxy lists, minutes and other documents relating to the AGM (including any adjournment thereof);
- (ii) processing of pre-registration for participation at the AGM for purpose of granting access to members to the LIVE WEBCAST or AUDIO ONLY MEANS and providing them with any technical assistance where necessary;
- (iii) addressing relevant and substantial questions related to the resolutions to be tabled for approval at the AGM from members received before the AGM and if necessary, following up with the relevant members in relation to such questions;
- (iv) preparation and compilation of the attendance list, proxy lists, minutes and other documents relating to the Meeting (including any adjournment thereof); and
- (v) enabling the Company (or its agents, advisers or service providers, as the case may be) to comply with any applicable laws, listing rules, regulations and/or guidelines by the relevant authorities.

Sound and/or video recordings of the AGM may be made by the Company for record keeping and to ensure the accuracy of the minutes of the AGM. Accordingly, the personal data of a member (such as name, presence at the AGM and any questions raised or motions proposed/seconded) may be recorded by the Company for such purposes.

FABCHEM CHINA LIMITED

(Company Registration No.: 200413128G)
(Incorporated in the Republic of Singapore)

PROXY FORM

ANNUAL GENERAL MEETING

This proxy form has been made available on SGXNet and the Company's website and may be accessed at the URL <https://www.fabchemchina.com>. A printed copy of this proxy form will NOT be despatched to members of the Company.

IMPORTANT:

1. Alternative arrangements relating to, among others, attendance, submission of questions in advance and/or voting by proxy at the AGM are set out in the Company's announcement dated 11 September 2020 ("Announcement") which has been uploaded together with the Notice of AGM dated 11 September 2020 on SGXNET on the same day. The Announcement may also be accessed at the Company's corporate website at the URL <https://www.fabchemchina.com>. For the avoidance of doubt, the Announcement is circulated together with and forms part of the Notice of AGM dated 11 September 2020 in respect of the AGM.
2. A member of the Company will not be able to attend the AGM in person. If a member of the Company (whether individual or corporate) wishes to exercise his/her/its voting rights at the AGM, he/she/it must appoint the Chairman of the AGM as his/her/its proxy to attend, speak and vote on his/her/its behalf at the AGM. In appointing the Chairman of the AGM as proxy, a member of the Company (whether individual or corporate) must give specific instructions as to voting, or abstentions from voting, in the form of proxy, failing which the appointment will be treated as invalid.
3. Please read the notes to this proxy form.

*I/We _____ (Name) _____ (NRIC/Passport No./Company Registration No.)

of _____ (Address)

being a *member/members of **FABCHEM CHINA LIMITED**. (the "**Company**", and together with its subsidiaries, the "**Group**"), hereby appoints the Chairman of the annual general meeting of the Company (the "**AGM**"), as *my/our proxy to vote for *me/us on *my/our behalf at the AGM to be held by way of electronic means (via LIVE WEBCAST and/or AUDIO ONLY MEANS) on Monday, 28 September 2020 at 9.30 a.m. and at any adjournment thereof. *I/We direct the Chairman of the AGM to vote for or against, or abstain from voting on the Resolutions to be proposed at the AGM as indicated hereunder. If no specific direction as to voting is given or in the event of any other matter arising at the AGM and at any adjournment thereof, the appointment of the Chairman of the AGM as *my/our proxy will be treated as invalid.

All resolutions put to the vote at the AGM shall be decided by way of poll.

If you wish to exercise all your votes "For" or "Against", or "Abstain" the relevant Resolutions, please mark an "X" in the appropriate box provided. Alternatively, please indicate the number of votes "For" or "Against", or "Abstain" each Resolution in the boxes provided as appropriate. If you mark an "X" in the abstain box for a particular Resolution, you are directing your proxy, who is the Chairman of the AGM, not to vote on that Resolution

No.	Ordinary Resolutions	For	Against	Abstain
1.	To adopt the Audited Financial Statements, Directors' Statement and Auditors' Report of the Company for the financial year ended 31 March 2020.			
2.	To approve the payment of Directors' Fees for the financial year ended 31 March 2020.			
3.	To re-elect Mr Bao Hongwei as a Director under Article 107.			
4.	To re-elect Prof. Jiang Rongguang as a Director under Article 107.			
5.	To approve the appointment of Prof. Jiang Rongguang as the Independent Director in anticipation of Rule 210(5)(d)(iii) of the Listing Manual of the SGX-ST.			
6.	To re-appoint RSM Chio Lim LLP as Auditors and authorise Directors to fix their remuneration.			
7.	Approval of Authority to allot and issue shares.			
8.	Proposed renewal of the shareholders' mandate for Interested Person Transactions with Yinguang Security and Wulian Hanyue.			

Dated this _____ day of _____ 2020.

IMPORTANT: PLEASE READ NOTES FOR PROXY FORM OVERLEAF

NOTES FOR PROXY FORM

1. Please insert the total number of shares in the capital of the Company ("**Shares**") held by you. If you have Shares entered against your name in the Depository Register (as defined in Section 81SF of the Securities and Futures Act (Cap. 289) of Singapore), you should insert that number of Shares. If you have Shares registered in your name in the Register of Members of the Company, you should insert that number of Shares. If you have Shares entered against your name in the Depository Register and Shares registered in your name in the Register of Members, you should insert the aggregate number of Shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, the instrument appointing the Chairman of the AGM as proxy shall be deemed to relate to all the Shares held by you.
2. Due to the current COVID-19 restriction orders in Singapore, a member of the Company will not be able to attend the AGM in person. If a member of the Company (whether individual or corporate) wishes to exercise his/her/its voting rights at the AGM, he/she/it must appoint the Chairman of the AGM as his/her/its proxy to attend, speak and vote on his/her/its behalf at the AGM. In appointing the Chairman of the AGM as proxy, a member of the Company (whether individual or corporate) must give specific instructions as to voting, or abstentions from voting, in the form of proxy, failing which the appointment will be treated as invalid.
3. This instrument appointing the Chairman of the AGM as proxy must:
 - (a) if sent personally or by post, to the registered office of the Company at 8 Robinson Road #03-00 ASO Building, Singapore 048544; or
 - (b) if submitted by email, be received by the Company at wkwk@fabchemchina.com.

in either case, by 9.30 a.m. on 26 September 2020 (being not less than forty-eight (48) hours before the time appointed for holding the AGM) (or at any adjournment thereof) and in default the instrument of proxy shall not be treated as valid.

In view of the current COVID-19 situation and the related safe distancing measures which may make it difficult for members of the Company to submit completed proxy forms by post, members of the Company are strongly encouraged to submit completed proxy forms electronically via email.

4. This proxy form must be under the hand of the appointor or of his/her/its attorney duly authorised in writing.
 - (i) Where this proxy form is executed by a corporation, it must be executed either under its common seal (or otherwise in accordance with its constitution) or under the hand of an officer or attorney duly authorised.
 - (ii) Where this proxy form is executed by an attorney on behalf of the appointor, the letter or the power of attorney or a duly certified true copy thereof must be lodged with this proxy form, failing which the instrument of proxy may be treated as invalid.
5. For investors who hold Shares through relevant intermediaries, including CPF and SRS investors, this proxy form is not valid for their use and shall be ineffective for all intents and purposes if used or purported to be used by them. Investors who wish to appoint the Chairman of the AGM as proxy should contact their relevant intermediaries (which would include, in the case of CPF and SRS investors, their respective CPF Agent Banks and SRS Operators) to submit their votes at least seven (7) working days before the AGM (ie. by 9.30 a.m. on 16 September 2020).

General:

The Company shall be entitled to reject this proxy form if it is incomplete, improperly completed, illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in this proxy form. In addition, in the case of Shares entered in the Depository Register, the Company may reject any proxy form lodged if the member, being the appointor, is not shown to have Shares entered against his/her/its name in the Depository Register as at seventy-two (72) hours before the time appointed for holding the AGM (or at any adjournment thereof), as certified by The Central Depository (Pte) Limited to the Company.

Personal data privacy:

By submitting this proxy form, the member of the Company accepts and agrees to the personal data privacy terms as set out in the Notice of AGM dated 11 September 2020.
